June 30, 2023

The Honorable Mayor Brent Latham and The Members of the Village Commission, and The Citizens of North Bay Village

In accordance with Section 11.45, and Section 218.39 Florida Statutes and Section 4.01 of North Bay Village, Florida's ("the Village") Charter, submitted herewith is the Village's Annual Comprehensive Financial Report (the "ACFR") for the fiscal year ended September 30, 2022.

The financial statements included in this report conform to generally accepted accounting principles in the United States ("GAAP") as prescribed by the Governmental Accounting Standards Board ("GASB"). The Village is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures. The financial statements have been audited by Caballero Fierman Llerena & Garcia, LLP. The independent auditors have issued an unmodified opinion that this report fairly presents the financial position of the Village and complies with all reporting standards noted above.

The contents of this report are aimed at compliance with GASB pronouncements, including Statement No. 34, requiring the preparation of government-wide financial statements on a full accrual basis of accounting for all funds and including Management's Discussion and Analysis.

#### THE REPORTING ENTITY AND ITS SERVICES

The Village was incorporated on June 4, 1945 and is a political subdivision of the State of Florida. The Village operates under a Commission-Manager form of government and provides General Government, Public Safety, Utility and Community Services to its residents and business community. The Mayor and four (4) Commissioners are responsible for establishing the Village's policies. The Mayor and Commission appoint the Village Manager who is the Chief Administrative Officer of the Village and is responsible for implementing policies adopted by the Commission.

This report includes all of the funds for which the Village is financially accountable. Although Miami-Dade County, Miami-Dade Fire and Rescue, Miami-Dade Library, Florida Inland Navigation District, South Florida Water Management District and the Children's Trust levy and collect taxes on property located within the Village's corporate limits, financial information on these taxing authorities is not included in this report since each has a separate elected governing body, are legally separate and are fiscally independent of the Village. Annual financial reports of these units of government are available upon request from each authority.

The Village consists of an area of approximately .80 square miles, with a population of 8,206 residents. The actual land area is .37 square miles and the remaining is the waters of Biscayne Bay that surrounds the Village. Currently there are various new mixed-use, residential, and commercial developments in the Village's review and approval process. One of the attractions for new development is that North Bay Village is a 3 island paradise surrounded by Biscayne Bay. The Village is working on a Bay Walk as well as the Boardwalk project to provide public access and show off the beautiful views of Biscayne Bay.

#### Fiscal Year 2022

The combination of a mix of small (older) and larger (newer) condominiums along with the Village location on Biscayne Bay has allowed the taxable value to recover from the most recent real estate volatility. The Village's current taxable value of approximately \$ 1.14 billion shows 70.3% improvement since the lowest taxable values in 2012. During the past year, we continued to see positive signs that the local economy had improved as the number of building permits and applications for mixed use (commercial and residential) projects increased. An increase in the permits for new and renovated single family homes is another positive sign of an improving economy. Another important factor is that these new projects will be producing jobs for the local economy.

The Village Manager in September 2017, declared a state of emergency in North Bay Village in response to the anticipated landfall of Hurricane Irma, and was authorized by the Village Commission to expend \$750,000 from General Fund Reserves to cover the costs incurred for hurricane related expenses. These costs including debris removal, overtime and any other necessary emergency expenses. The Village has applied for reimbursement from FEMA and has received about 99% of the eligible expenses. Any funds received from FEMA will be used to replace any reserved fund monies.

In December 2019, COVID-19 emerged and has spread around the world, resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020 and subsequently a Pandemic on March 9, 2020. In addition, on March 13, 2020 the President of the United States proclaimed the COVID-19 outbreak to be a National Emergency. The Village took steps to ensure the safety of its residents in addition to the fiscal viability of its operations during this time of uncertainty.

#### **MAJOR INITIATIVES**

The Village, in 2022 continued to work on major repairs and improvements to the Village's infrastructure;

- Completed Phase I of the Village-wide sidewalk installation, replacement, and repairs in December 2021;
- Design Phase completed in 2022 with construction for Phase II of the Village-wide sidewalk installation, replacement, and repairs estimated to begin in July 2023;
- Begin Rehabilitation of Sewer Manholes and Laterals in 2022 with construction estimated to be completed by December 2023;
- Ongoing Planning Stage and preparing for the competitive bid of construction of the first phase of a new Bay Walk (Island Walk) project;

In addition, the following major capital improvements are in process at the end of fiscal year 2022 and should be completed in 2022 and 2023. These projects will provide over \$ 110,000,000 of new construction.

- An RFP was prepared for the development of a municipal complex with mixed-use (residential, office, and/or commercial components). This will include a fire station operated by Miami-Dade County. It was published in November 2021, however, the mixed-use design was not approved. A new RFP to design a municipal complex without mixed-use is being prepared and will be published in October 2022 and evaluated/awarded in 2023.
- An RFP was prepared for the development and operation of a sports complex and academy, recreational facilities, municipal office, and other amenities ("Galleon/TIES"). This will be a public-private partnership and will house the Police Department, Dispatch, and Code. It was published in November 2021 and awarded in 2023.
- An ITB was prepared and published in May 2022 for the Wastewater Pump Station Improvements for all four Pump Stations throughout North Bay Island. It is scheduled to be evaluated/awarded in 2022 and 2023.

#### FINANCIAL INFORMATION

#### Internal Accounting Control

Management of the Village is responsible for establishing and maintaining internal controls designed to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with GAAP. Internal control is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occurred within the above framework. We believe that the Village's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

#### **Budgetary Control**

An annual appropriated budget is adopted for all governmental funds with the exception of the Federal Forfeiture Fund, State Forfeiture Fund, Police Improvement Trust Fund (Special Revenue Funds) and Parks Improvement Fund (Capital Project Fund). In accordance with Village Ordinance, appropriations are legally controlled at the Department level. Encumbrance accounting, under which purchase orders and other commitments for the expenditure of funds are recorded in the accounting records, is utilized throughout the fiscal year.

#### Overview of Financial Activity

The accompanying financial statements reflect that the Village has continued to expand its services to meet the demands of its residential and business communities. A summary of the major financial activities is included in the Management Discussion and Analysis Section of this report.

#### **Fund Balances**

Fund balances classified as restricted are those with externally enforceable limitations on use. Fund balances classified as committed can only be used for specific purposes determined by formal action of the Village Commission through an ordinance. Commitments can only be changed or lifted by the Village Commission through an ordinance. Assigned fund balances are amounts that the Village intends to use for a specific purpose but are neither restricted nor committed. Unassigned fund balance can be viewed as the net resources available at the end of the year.

#### Retirement Programs

The Village contributes to the Florida Retirement system (FRS) which is the basic defined benefit pension plan for most Village employees. The FRS contributions are based on employee classifications. The Village also contributes to a defined contribution plan for 2 employees that remained when the Village converted to the FRS. The plans currently cover all full-time and part-time employees of the Village. Under these plans, the Village contributes between 10.82% and 29.01% to the FRS. The employees covered by the FRS System contribute 3.0% of salary. The employees covered by the defined contribution plan contribute 5.5 % of salary through a bi-weekly payroll deduction and the Village contributes 13.5 %.

#### **Labor Contracts**

The Village has Collective Bargaining Agreements (CBA) with two unions. One union (FOP) is for sworn police officers and their CBA expires September 30, 2022. The other union (FOPA) covers the non-managerial and blue collar work force. The FOPA contract expires September 30, 2022.

#### <u>Financing Programs and Debt Administration</u>

The Village currently has twelve outstanding long-term debt issues. The Village has seven water and sewer infrastructure loans through the Florida Department of Environmental Protection (DEP). The seven loans are accounted for entirely in the Utility Fund and are paid from customer charges for services. These loans have various interest rates ranging from .09% to 2.99%. The last loan will be paid off in October 2037. The principal outstanding on the water and sewer infrastructure loans as of September 30, 2022 totaled \$9,825,067.

The Village has three General Obligation (GO) bond issues outstanding. They were issued in 2010, 2011, and 2022 and will be paid off in December 2031, June 2028 and June 2032, respectively. The total principal outstanding on the GO bonds as of September 30, 2022 is \$7,143,573.

The Village in May 2018 issued \$2,350,000 taxable note for the purchase of the Sakura property. The purchase price was \$2,295,000 and had a coupon interest rate of 3.336%. This was a 3 year Note with a balloon payment of \$2,270,000 in July 2021. In May 2021, the note was refinanced for a 15 year term. The new note bears interest of 2.984% and is payable semiannually while principal ranging from \$125,000 to \$190,000 is payable annually on July 1 of each year through July 1, 2036. The note is secured by all non-ad valorem revenues which are legally available to make debt payments when due. The outstanding principal balance as of September 30, 2022 is \$2,225,000.

In fiscal year ended September 30, 2020, the Village borrowed \$1,500,000 relating to a Road Improvement Revenue Note, Series 2020, for the purpose of financing the costs of improvements to the Village's roadways and paying costs of issuance of the note. The note bears interest of 1.221% and is payable semiannually while principal ranging from \$90,000 to \$110,000 is payable annually on July 1 of each year through July 1, 2035, when the remaining balance of \$1,500,000 is due. The note is secured by all non-ad valorem revenues which are legally available to make debt payments when due. The outstanding principal balance as of September 30, 2022 is \$1,315,000.

#### OTHER INFORMATION

#### *Independent Audit*

In accordance with Section 11.45(3) (a) (4), Florida Statutes, and 4.1 of the Village Charter, the Village engaged the firm of Caballero Fierman Llerena & Garcia, LLP, to perform the independent audit of the Village's accounts and records. The independent auditors' reports are included in the Financial Section.

#### Certificate of Achievement

The Government Finance Officers Association of the United States and Canada ("GFOA") awards the Certificate of Achievement for Excellence in Financial Reporting to units of governments whose annual financial reports meet the standards established by GFOA. This report must satisfy both generally accepted accounting principles and applicable legal requirements. It is designed to provide the reader a report that is formatted the same across multi governments throughout the United States and Canada. The Village submitted the fiscal year 2021 financial statements under this program and was awarded the Village's eighth COA award.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report meets the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for the Village's seventh straight certificate award.

#### <u>Acknowledgements</u>

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire Finance Department. We express our appreciation to all members of the Department who assisted and contributed to its preparation. We also wish to thank the Village Mayor and Commission for their interest and support in planning and conducting the Village's financial operations in a responsible and progressive manner.

Respectfully submitted,

Ralph Rosado Village Manager Angela Atkinson Chief Financial Officer

#### INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the Village Commission North Bay Village, Florida

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of North Bay Village, Florida (the Village) as of and for the fiscal year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village as of September 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Emphasis of a Matter**

As discussed in Note 12 to the basic financial statements, the Village reported a prior period adjustment to the opening balances of the government-wide statement of activities and the Utility Fund. Our opinion is not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the budgetary comparison schedules, the Schedules of the Village's Net Pension Liabilities and Contributions, and the Schedule of Changes in the Village's Total OPEB Liability and Related Ratios on pages 4–9 and 49–53 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Village's basic financial statements. The accompanying combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2023, on our consideration of the Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Village's internal control over financial reporting and compliance.

Caballero Fierman Llerena & Garcia, LLP Miami, Florida June 30, 2023

# MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

As management of the North Bay Village, Florida (the "Village"), we offer readers of the accompanying financial statements this narrative overview and analysis of the financial activities of the Village for the fiscal year ended September 30, 2022.

#### **Financial Highlights**

The assets and deferred outflows of resources of the Village exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$17,443,863 (Total net position). Governmental activities net position amounted to \$6,173,528, and business-type net position amounted to \$11,270,335. Net position increased by \$3,728,959,which includes prior period adjustments of \$125,397 during the current fiscal year. The increase in total net position was the result of an increase in Governmental fund balances of \$5,578,201, an increase in Capital Assets net of depreciation of \$169,250, (mostly from Utility Improvements), and an increase in liabilities deferred outflows of resources, and deferred inflows of resources of \$3,165,198, (from various activities, but mostly attributed to pension-related items and the issuance of debt).

For the fiscal year ended September 30, 2022, the Village's governmental activities revenues and expenses were \$15,145,121, and \$12,562,868, respectively. Transfers out to other funds amounted to \$391,694. As a result, governmental net position increased by \$2,582,253. The increase reflects a net increase of \$5,578,201, in total governmental fund balances; an increase in governmental capital assets net of depreciation of \$169,250; an increase in debt principal payments of \$1,074,251; an increase for the issuance of long term debt of \$3,525,000; revenue of \$6,141, collected outside of the current period that was not available for payment of current expenses, and an increase of \$484,284, in expenses related to future periods, most of which relate to pension items. A one-time charge (increase) of \$197,956, to prior periods for lease obligations not recorded in those periods and the ending net position, after restating prior periods is \$6,173,528.

For the fiscal year ended September 30, 2022, the Village's business-type activities revenues and expenses were \$8,311,390, and \$7,290,081, respectively. As a result, business-type net position increased by \$1,021,309. A one-time charge of \$72,559, to prior periods for lease obligations not recorded in those periods and the ending net position, after restating prior periods is \$11,270,335.

At the close of the current fiscal year, the Village's governmental funds reported combined fund balances of 13,072,398, an increase of 5,578,201, in comparison with the prior year. Approximately 29% of this amount (3,815,569) is unrestricted and spendable. This amount represents 39% of the fiscal year's General Fund expenditures, or 4  $\frac{1}{2}$  months of operations. This is slightly higher than the prior year.

At the end of the current fiscal year, unrestricted fund balance (the total of the assigned, and unassigned components of fund balance) for the General Fund was \$3,984,269, or approximately 41% of total General Fund expenditures (Almost 5 months).

#### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, 3) and notes to the basic financial statements. This report also contains supplementary information in addition to the basic financial statements.

**Government-wide financial statements** - The government-wide financial statements, which consist of the following two statements described below, were designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the Village's assets, liabilities, and deferred inflows/outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. This statement represents full accrual accounting, including the recording (net of depreciation) of infrastructure such as roads and streets.

# NORTH BAY VILLAGE, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

The statement of activities presents information showing how the Village's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, earned but unused vacation leave, and long-term obligations in the governmental funds) of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, public safety, building, planning, and zoning, public works and parks and recreation. The business type activities of the Village include water, sanitation, sewer, and storm water operations. The government-wide financial statements can be found on pages 9 and 10 of this report.

**Fund financial statements** - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Village can be divided into two categories: governmental funds and proprietary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, governmental financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near- term funding and financing requirements. Governmental funds use a modified accrual basis of accounting. It recognizes revenues when they become available and measurable and, with a few exceptions, records expenditures when liabilities are incurred.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Village's near-term funding and financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains fifteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the American Recovery Plan Act (ARPA) Fund, which are considered Major Funds. Data from the other twelve governmental funds are combined into a single aggregated presentation. Individual fund data for each of these other major governmental funds is provided in the form of combining statements in the combining and individual fund statements and schedules section of this report.

The governmental fund financial statements can be found on pages 12 through 14 of this report.

**Proprietary funds** - The Village maintains one type of proprietary fund referred to as an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements and are used to account for water, sewer, sanitation, and Stormwater operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the utility operations and the storm water operations. Proprietary funds utilize full accrual accounting. The proprietary fund financial statements can be found on pages 16 through 18 of this report.

**Notes to the basic financial statements** - The notes provide additional, important, and expansive information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. Readers should not overlook this important section of the financial statements. The notes to the basic financial statements can be found on pages 19 through 44 of this report.

# MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

**Other information** - In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the Village's General Fund and Transportation Fund budgetary schedules and progress in funding its obligation to provide OPEB benefits to its employees and the Village's pension liability and its contributions to fund that liability. Required supplementary information can be found on pages 45-53 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 54-55 of this report.

#### **Government-Wide Financial Analysis**

**Net position** - As noted earlier, net position over time may serve as a useful indicator of the Village's financial position. In the case of the Village, total assets exceeded liabilities by \$17,443,863, at the close of September 30, 2022. Governmental activities net position totaled \$6,173,528, and business-type activities net position totaled \$11,270,335. The following table presents a condensed statement of net position as compared to the prior year:

|                                  | Governmen     | tal Activities | Business-ty   | pe Activities | Total         |               |  |  |
|----------------------------------|---------------|----------------|---------------|---------------|---------------|---------------|--|--|
|                                  | 2022          | 2021           | 2022          | 2021          | 2022          | 2021          |  |  |
| Current and other assets         | \$ 17,055,736 | \$ 8,906,750   | \$ 6,593,146  | \$ 5,401,732  | \$ 23,648,882 | \$ 14,308,482 |  |  |
| Restricted assets                | 1,468,226     | 1,467,660      | 505,582       | \$ 457,057    | 1,973,808     | 1,924,717     |  |  |
| Capital assets, net              | 13,987,393    | 12,587,691     | 17,808,005    | \$17,547,402  | 31,795,398    | 30,135,093    |  |  |
| Total assets                     | 32,511,355    | 22,962,101     | 24,906,733    | \$23,406,191  | 57,418,088    | 46,368,292    |  |  |
| Deferred outflows of resources   | 2,576,897     | 2,353,812      | 405,623       | \$ 364,258    | 2,982,520     | 2,718,070     |  |  |
| Current and other liabilities    | 7,257,282     | 3,705,727      | 2,488,679     | \$ 1,924,407  | 9,745,961     | 5,630,134     |  |  |
| Long term liabilities            | 20,318,050    | 11,799,992     | 11,342,512    | \$10,634,625  | 31,660,562    | 22,434,617    |  |  |
| Total liabilities                | 27,575,332    | 15,505,719     | 13,831,191    | \$12,559,032  | 41,406,523    | 28,064,751    |  |  |
| Deferred inflow of resources     | 1,339,392     | 6,218,919      | 210,830       | \$ 962,391    | 1,550,222     | 7,181,310     |  |  |
| Net investment in capital assets | 6,049,864     | 5,721,890      | 7,982,938     | \$ 7,135,610  | 14,032,802    | 12,857,500    |  |  |
| Restricted                       | 9,086,678     | 3,887,001      | -             | \$ -          | 9,086,678     | 3,887,001     |  |  |
| Unrestricted                     | (8,963,014)   | (6,017,616)    | 3,287,397     | \$ 3,113,416  | (5,675,617)   | (2,904,200)   |  |  |
| Total net position               | \$ 6,173,528  | \$ 3,591,275   | \$ 11,270,335 | \$10,249,026  | \$ 17,443,863 | \$ 13,840,301 |  |  |

By far, the largest portion of the Village's net position reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, vehicles, and infrastructure), net of depreciation and less any related outstanding debt that was used to acquire those assets (\$14,032,802). The Village uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the Village's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion (\$9,086,678) of the Village's net position represents resources that are subject to external restrictions on how they may be used. Of that amount, \$5,419,622, must be used for certain capital projects; \$2,898,557, must be used for certain transportation-related activities; \$264,511, must be used for certain law enforcement activities; and \$54,128, must be used for various recreation and human services activities. The remaining balance of (\$5,675,617) represents a deficit net position. This deficit net position is mainly the result of the Governmental Accounting Standards Board's requirements for reporting of the net pension liability. The Village is a member of the Florida Retirement System (FRS) and presents the Village's portion of the net pension liability for FRS on its government wide financial statements.

### NORTH BAY VILLAGE, FLORIDA MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

**Changes in net position** - Governmental activities and business-type activities increased the Village's net position by \$3,603,562, from the previous fiscal year. The relevant revenue and expense categories and their effect on net position are summarized in the table below. The information presented in this table will be used in the subsequent discussion of governmental and business-type activities:

|   | Gover    | nmen  | tal A | ctivities  | Business-Type Activities |            |     |            | Totals   |            |    |              |

**Governmental activities** - During the current fiscal year, net position for governmental activities increased \$2,973,947, from the prior fiscal year. The major reason for the incline was an increase in recurring revenues. Of the increase in revenues, \$2,358,508, came from State and Federal grant contributions and should not be considered recurring revenues. The Village saw increases in most operations, with expenses in Recreation and Human Services declining.

**Business-type Activities** - For the Village's business-type activities, the results for the current fiscal year again positive. Net position before transfers increased by 75%. Of the \$629,615 increase to Net Position, \$51,000, came from State and Federal grant contributions to the Stormwater and Utility Systems and should not be considered recurring revenues.

# MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

#### **Financial Analysis of the Governmental Funds**

**Governmental funds** - The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Village's net resources available for spending as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the Village itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the Village Commission.

As of the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$13,072,398, an increase of \$5,578,201, from the prior year. Approximately 29%, or \$3,815,569, of the combined fund balance represents the spendable and unrestricted portion of the fund balance. Approximately \$1,812,258, is assigned as a reserve. It represents 20% of the year's General Fund budgeted expenditures, as required by the Village's code. The remainder of the fund balance is either non-spendable or restricted to purposes:

- 1) not in spendable form, all as prepaid expenditures (\$170,151)
- 2) restricted by external sources, law, or legislation legally restricting its use for purposes (\$9,086,678)

The 20% assignment of fund balance represents a North Bay Village code requirement for a type of reserve that can only be used for non-emergency uses limited to unanticipated capital improvements and infrastructure needs and unforeseen contingent liabilities or for emergency uses including unscheduled natural disasters/emergencies, acts of God or war, and for the emergency health, safety and welfare needs of the Village. The Village Code specifies the way the funds can be appropriated and how they must be replenished or established. While the Code requires a super majority vote to enact appropriation, the underlying code can be amended by a simple majority vote.

The General Fund is the chief operating fund of the Village. By definition, it accounts for all activity not accounted for in another fund.

The American Recovery Plan Act (ARPA) Fund was a new major fund in fiscal year 2021, with an increase in fiscal year 2022 in unearned revenue of \$3,370,305. These revenues from the U.S. Treasury are restricted for specific projects.

The Capital Projects Fund – GOB 2022 Parks Project was a new major fund for fiscal year 2022. The increase in fund balance was due to the issuance of debt during the fiscal year 2022 for parks.

The Village maintains seven special revenue funds (Building Fees, Street Maintenance, Transportation, State Forfeiture, Federal Forfeiture, Children Services, and Police Improvement), two debt service funds, and five Capital Project Funds (Parks Improvements, CITT Roadway Improvements, ARPA Capital Projects, General Obligation Bond Capital Projects and Capital Projects). The combined fund balances for these six minor funds (all but Transportation) total of \$4,165,484, at fiscal year-end. The Transportation fund (also sometimes called the CITT fund), had a total fund balance of \$1,434,875.

**Proprietary funds** - The Village's two proprietary funds (Utility fund and Stormwater Utility fund) provide the same type of information found in the government-wide financial statements, but in more detail. The Net position of the proprietary funds at the end of the year amounted to \$11,270,335, and included an unrestricted net position of \$3,020,920, in the Utility Fund. The \$243,742, increase of unrestricted net position was due to the increase of Sewer and Metered Water Charges. This improved the overall proprietary unrestricted net position by \$173,981 and increased the Net investment in capital assets by \$847,328. During the year, and subsequent to fiscal year end, the Village relies upon more of the revenue generated in this fund to support General Fund operations.

#### **General Fund Budgetary Highlights**

General fund revenues exceeded final budgeted amounts by \$859,894. The variances were generally across all major categories of revenues; however, Franchise Fees-Electric, Local ½ cent Sales Tax, State revenue sharing, and Communication service tax were noticeably more than anticipated. Total expenditures were \$38,077, more than the final budget. Almost all of the departmental expenditures were under budget. After the Debt Service payments and Capital Outlay, the net change in the General Fund balance was \$157,992.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS SEPTEMBER 30, 2022

#### **Capital Assets and Debt Administration**

Capital assets - The Village's capital assets, less accumulated depreciation, for its governmental and business-type activities as of September 30, 2022, amounted to \$13,987,393, and \$17,808,005, respectively, and consists of land, construction in progress, buildings and improvements, improvements other than buildings, vehicles, and machinery and equipment. During the year, the Village added \$431,635 of new capital. The Village's Business-type activities added \$553,896 of new assets, all underground utilities. A more detailed schedule can be found on pages 25 and 26 of the notes to the financial statements.

**Long-term debt** - At the end of the current fiscal, the Village has governmental activities debt outstanding of \$10,683,573. However, \$1,028,573 of that amount has been defeased subsequent to year end, leaving \$9,655,000 outstanding. Of that amount, \$6,115,000 are General Obligation bonds. The Village levies an additional voter-approved property tax rate to pay for the annual principal and interest on this debt. The Village also has a Series 2021 Note outstanding for \$2,225,000 which is secured by non-ad valorem revenues. This debt was used to purchase an additional parcel of land for a new Village Hall/Police/Fire complex. The Village also has a Series 2020 Road Improvement Revenue Note of \$1,315,000. This debt will be used to fund CITT Roadway Improvements.

The Village's Utility Fund has State Revolving Fund (SRF) debt outstanding of \$9,825,067. The State Revolving Fund debt is secured by the gross revenues derived yearly from the operation of the Utility Fund after payment of operating and maintenance expenses.

Also, in fiscal year 2022, the Village's business-type activities were undertaking additional projects for which it expects to borrow additional funding. The Village's financial advisor has computed that the existing rate structure (rates were increased in fiscal year 2021) would be sufficient to support all issued, unissued, and anticipated debt.

**Authorized but unissued debt** - In 2006 and again in 2008, Village voters approved General Obligation bonds totaling \$28,400,000 for various community improvements, of which only \$11,935,000 had been issued as of September 30, 2022. The bonds, if issued, would be repaid with a separate voted debt service millage rate each year the bonds are outstanding. The Village does not believe this would adversely affect its finances but does increase the local burden to property owners.

Additional information related to long-term debt can be found under Note 7 to the financial statements, found on pages 27-30.

#### **Requests for Information**

This financial report is designed to provide a general overview of the Village's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Village Manager, North Bay Village, 1666 Kennedy Causeway, Suite 300, North Bay Village, FL. 33141.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

North Bay Village, Florida (the "Village") was incorporated in 1945 as a municipality under the laws of the State of Florida Statute 234-27. The Village operates under the Commission-Manager form of government, with the legislative function vested in a five-member Village Commission. The Village provides the following services as authorized by its charter: general government, public safety, water and sewer, sanitation, public works, planning and zoning, building inspection, code enforcement, health and social services, culture and recreation.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Significant accounting and reporting policies and practices of the Village are described below.

## A. Financial Reporting Entity

In accordance with GASB pronouncements, the Village's financial statements include all funds, departments, agencies, boards, and other organizations over which Village officials are considered to be financially accountable.

Financial accountability includes such aspects as appointment of a component unit's governing body members, budget review, approval of property tax levies, outstanding debt secured by the full faith credit of the Village or its revenue stream, and responsibility for funding deficits.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by the GASB. Based upon the application of these criteria, the Village has no funds, agencies, boards, commissions or authorities considered to be potential component units.

#### B. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the Village as a whole) and fund financial statements.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Village. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those expenses that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Separate fund financial statements are provided for governmental funds and proprietary funds. The focus of fund financial statements is on major funds. Major governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor funds.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide focus is more on the sustainability of the Village as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental and business-type categories. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year when an enforceable lien exists and when levied for. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financial sources.

Property taxes when levied for, franchise fees, utility taxes, charges for services, impact fees, intergovernmental revenues when eligibility requirements are met and interest associated with the current fiscal period are all considered to be measurable and have been recognized as revenues of the current fiscal period, if available. All other revenue items such as fines and forfeitures and licenses and permits are considered to be measurable and available only when cash is received by the Village.

The proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting for reporting its assets and liabilities. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary fund are charges to customers for sales and services. Operating expenses for proprietary funds include the costs of sales and service, administrative expenses and depreciation on capital assets. All revenues and expenses that do not meet this definition are reported as non-operating revenues or expenses.

The Village reports the following major governmental funds:

<u>General Fund</u> – This fund is the principal operating fund of the Village. It accounts for all financial resources of the general government except those accounted for in another fund.

Building Fees Fund - This fund is used to account for the operations of building, planning and zoning.

<u>American Recovery Plan Act (ARPA) Fund</u> – This fund is used to account for restricted revenues and expenditures for capital projects associated with funds received from ARPA.

<u>Capital Improvements GOB Fund</u> – This fund is used to account for the revenues and expenditures for capital projects related to voter approved General Obligation Bond debt.

## NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Village reports one major proprietary fund:

<u>Utility Fund</u> – This fund is used to account for the Village's water, sewer and sanitation utility system, which is financed and operated in a manner similar to private business enterprises. The intent of the Village is that the costs (expenses including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

#### D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

Deposits and Investments – The Village's cash and cash equivalents are considered to be cash and short-term investments with original maturities of three months or less when purchased. Deposits include cash on hand and interest-bearing checking accounts.

Village administration is authorized to invest in those instruments authorized by the Florida Statutes. Investments include the Local Government Surplus Funds Trust Fund. Investment in the Local Government Surplus Funds Trust Fund administered by the State Board of Administration is reported at the fair value of its position in the pool, which is the same as the value of the pool shares.

- 2. <u>Interfund transactions</u> As the Village does not have any lending/borrowing arrangements between funds, all outstanding balances between funds are reported as "due to/from other funds". All amounts receivable from or payable to other funds are to be settled with expendable, available financial resources. Transactions which are recurring annual transfers between two or more funds are recorded as transfers in and out. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."
- Receivables Receivables include amounts due from other governments and others for services provided by the Village. Receivables, including special assessments, are recorded when the related service is provided. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of receivables.
- 4. <u>Allowance for doubtful accounts</u> The Village considers all amounts receivable in the governmental funds to be fully collectible; consequently, no allowance for doubtful accounts was estimated. An allowance of \$15,000 was deemed necessary for the proprietary funds. This amount is primarily past due customer accounts and related penalties due as of September 30, 2022.
- Restricted assets Proceeds from impact fees, CITT surtax and 2nd local option gas taxes are classified as
  restricted in various special revenue funds since these resources are specifically earmarked for restricted
  purposes including law enforcement, transportation and recreational eligible items.
- Restricted cash The Village reports amounts paid by customers for water and sewer deposits as restricted cash.
- 7. <u>Prepaid items</u> Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These costs are accounted for under the consumption method.
- 8. <u>Capital assets</u> Capital assets, which include land, construction in progress, buildings and improvements, improvements other than buildings, machinery and equipment, vehicles, and infrastructure assets (e.g., sidewalks and other similar items grouped within buildings and improvements other than buildings), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)
- 8. Capital assets (Continued)

Capital assets of the Village are depreciated using the straight-line method over the following estimated useful lives:

|                                  | Years |
|----------------------------------|-------|
| Improvements other than building | 5-40  |
| Buildings and improvements       | 5-30  |
| Vehicles                         | 3-5   |
| Machinery and equipment          | 3-10  |
| Equipment and vehicles           | 3-5   |
| Street improvements              | 30    |

9. <u>Deferred outflows/deferred inflows of resources</u> - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Village has one item presented as a deferred outflow of resources associated with the pension plan that qualifies for reporting in this category and is discussed in further detail in Note 8.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Village has one item, deferred inflows relating to pensions plans, that qualifies for reporting in this category and is discussed in further detail in Note 8.

- 10. <u>Compensated absences</u> Village employees are granted vacation, sick and compensatory leave in varying amounts based on length of service. Upon separation in good standing, employees receive full reimbursement for accumulated vacation and compensatory hours, as well as reimbursement for sick hours if the required length of service is met. All vacation pay is accrued when incurred in the government-wide and proprietary funds and reported as a liability. The current portion of this obligation is estimated based on historical trends. A liability for these amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignation or retirements.
- 11. Long-Term Obligations In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or propriety fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium and discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Payments of principal and interest are reported as debt service expenditures.

12. <u>Leases (Right-of-use Assets)</u> – The leases (right-of-use assets) are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges necessary to place the lease into service. The leases (right-of-use assets) are amortized on a straight-line basis over the life of the related lease.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)
- 13. <u>Net Position</u> Net position is the result of assets and deferred outflows of resources less liabilities and deferred inflows of resources. The net position of the government-wide and proprietary funds are categorized into three components:

<u>Net investment in capital assets</u> – this category consists of capital assets, reduced by accumulated depreciation and any outstanding debt incurred to acquire, construct or improve those assets excluding unexpended bond proceeds.

<u>Restricted net position</u> – this category consists of all net position that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation.

<u>Unrestricted net position</u> – consists of the net position not meeting the definition of either of the other two components.

Restricted consists of net position with constraints placed on their use by external parties (creditors, grantors, contributors, or laws and regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted indicates that portion of net position that is available to fund future operations.

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the Village's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

14. <u>Fund Balance</u> – As of September 30, 2022, fund balances of the governmental fund financial statements are classified as follows:

Nonspendable — This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as long-term amount of loans and notes receivable, as well as property acquired for resale.

Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Village Commission. Commitments may be established, modified, or rescinded only through ordinances approved by Village Commission.

Assigned – This classification includes amounts that are constrained by the Village's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Commission or through the Commission delegating this responsibility to Village management. In addition, amounts deemed by a Village Ordinance as a minimum General Fund balance requirement is included in this category. Section 35.22 of the Village Code of Ordinances assigns an operating reserve of 20% of the current fiscal year original budget. This amount has been classified as assigned operating reserves in the accompanying financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)
- 14. Fund Balance (Continued)

<u>Unassigned</u> - This classification includes the residual fund balance for the General Fund. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceeds the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Sometimes the Village will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Village's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

- 15. Net position policy The Village has adopted a Net Position Policy for the Enterprise Funds. This policy lists the criteria to be used in evaluating net position requirements, and establishes a minimum target balance for the unrestricted category of net position. In addition, the policy establishes a process in reaching and maintaining the targeted level of unrestricted net position, the condition under which the targeted balance may be spent and the required replenishment of balances.
- 16. <u>Use of estimates</u> The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Although these estimates are based on management's knowledge of current events and actions, actual results may ultimately differ from those estimates.
- 17. Implementation of New Accounting Standards GASB Statement No. 87, Leases ("GASB 87"), addresses accounting and financial reporting for leases by governments. The statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. This Statement was implemented by the Village for the fiscal year ending September 30, 2022.

## **NOTE 2 – PROPERTY TAXES**

Under Florida Law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessments are also designed to assure a consistent property valuation method statewide. State statutes permit municipalities to levy property taxes at a rate of up to 10.0 mills (\$10 per \$1,000 of assessed taxable valuation). The tax rate to finance general governmental services for the fiscal year ended September 30, 2022 was 5.8500 mills. The rate of 5.8500 mills is allocated to the General Fund and Debt Service Fund, with the General Fund receiving 5.8500 and the Debt Service Fund .8118.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 2 - PROPERTY TAXES (CONTINUED)

The tax levy of the Village is established by the Village Commission prior to October 1 each year, and the County Property Appraiser incorporates the millage into the total tax levy, which includes Miami-Dade County, Miami-Dade County School Board and various special taxing districts. All property is reassessed according to its fair market value as of January 1 each year, at which time taxes become an enforceable lien on property. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the roll meets all of the appropriate requirements of State statutes. State of Florida Amendment #10 to the Florida Constitution known as "Save our Homes" limits assessment increases on homestead property to the lesser of 3% or the Consumer Price Index.

All real and tangible personal property taxes are due and payable on November 1 each year or as soon as practicable thereafter as the assessment roll is certified by the County Property Appraiser. Miami-Dade County mails to each property owner on the assessment roll a notice of the taxes due and Miami-Dade County also collects the taxes for the Village. Taxes may be paid upon receipt of such notice from Miami-Dade County, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent and liens are placed on April 1 of the year following the year in which taxes were assessed. Procedures for the collection of delinquent taxes by Miami-Dade County are provided for in the laws of Florida. State law provides for enforcement of collection of personal property taxes by seizure of the property, by the sale of the property, or by the sale of interest-bearing tax certificates to satisfy unpaid property taxes. The procedures result in the collection of essentially all taxes prior to July 31 of the year following the year of assessment.

#### NOTE 3 – DEPOSITS AND INVESTMENTS

#### **Deposits**

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits which consist of cash on hand and interest bearing checking accounts are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, Florida Security for Public Deposits Act, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Therefore, all amounts presented as deposits are insured or collateralized.

## Investments

As required by Florida Statutes, the Village has adopted an investment policy designating the investments which are allowable. The authorized investments include direct obligations of the United States Treasury, its Agencies or Instrumentalities, fully insured or collateralized certificates of deposit, Securities and Exchange Commission ("SEC") registered money market funds, repurchase agreements secured by direct obligations of the United States Government, its Agencies or instrumentalities, and the Local Government Surplus Funds Trust Fund. The investments follow the investment rules defined in Florida Statutes Chapter 215. The investment policy defined in the statutes attempts to promote, through state assistance, the maximization of net interest earnings on invested surplus funds of local units of governments while limiting the risk to which the funds are exposed.

The Village invests surplus funds in an external investment pool, the Local Government Surplus Funds Trust Fund ("Florida PRIME"). Florida PRIME is administered by the Florida State Board of Administration ("SBA"), who provides regulatory oversight. The Florida PRIME investment is exempt from Fair Value Measurement and Application disclosures.

The Florida PRIME has adopted operating procedures consistent with the requirement for a 2a7-like fund. The Village's investment in the Florida PRIME is reported at amortized cost. The fair value of the position in the pool is equal to the value of the pool shares. As of September 30, 2022, the Village's fair value of its investment in Florida PRIME was \$67,826.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 3 - DEPOSITS AND INVESTMENTS (CONTINUED)

## Interest rate risk

The Village has an investment policy of structuring investment portfolios to meet cash requirements and diversifying maturities and staggering purchase dates to minimize the impact of market movements over time. The weighted average maturity (WAM) of the securities held in Florida PRIME is 21 days. The weighted average life (WAL) of Florida PRIME is 72 days.

#### Credit risk

The Village's investment policy limits investments to the safest types of issuers. The Florida PRIME is rated AAAm by Standard and Poor's.

## Concentration of credit risk

The Village's investment Policy does not stipulate any limit on the percentage that can be invested in any one issuer. GASB Statement No. 40 requires disclosure when the percent is 5% or more in any one issuer. as of September 30, 2022, the value of each position held in the Village's portfolio comprised of less than 5% of the village's investment assets.

## **NOTE 4 – RECEIVABLES AND PAYABLES**

As of September 30, 2022, receivables for the Village's individual major and nonmajor funds, in the aggregate including applicable allowances for uncollectible accounts, are as follows:

|                                 |                    |         |              |                       |    |                     | No  | on-major |              |           |

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## **NOTE 6 – INTERFUND BALANCES AND TRANSFERS**

Interfund balances result from the time lag between the dates (1) Interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments are actually made between funds. As of September 30, 2022, the Village did not have any interfund receivables or payables.

Interfund transfers for the year ended September 30, 2022 are summarized as follows:

| _                                      | Interfund Transfers |              |  |  |  |  |
|--|---------------------|--------------|--|--|--|--|
|  | Transfers           | Transfers    |  |  |  |  |
|  | In                  | Out          |  |  |  |  |
| General Fund                           | -                   | 1,147,300    |  |  |  |  |
| American Recovery Plan Act (ARPA) Fund | -                   | 1,375,000    |  |  |  |  |
| Non-major Governmental Funds           | 3,235,394           | 1,104,788    |  |  |  |  |
| Utility Fund                           | 746,417             | 617,788      |  |  |  |  |
| Stormwater Utility Fund                | 263,065             |              |  |  |  |  |
|  | \$ 4,244,876        | \$ 4,244,876 |  |  |  |  |
|  |                     |              |  |  |  |  |

The transfer out of the General Fund to the nonmajor governmental funds was to fund the Children Services Fund for additional expenditures that the Children's Trust grant does not pay for, to fund the Transportation Fund for a local effort the Village must make to continue to receive Miami Dade CITT revenue, to the Street Maintenance Fund for sidewalk improvements, and to the Capital Projects Fund for road repaving projects. The transfer out from the American Recovery Plan Act Fund was to fund future capital projects for stormwater and infrastructure improvements throughout the Village.

## **NOTE 7 – LONG-TERM DEBT**

The following is a summary of changes in long-term liabilities of the Village for the fiscal year ended September 30, 2022.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 7 - LONG-TERM DEBT (CONTINUED)

For governmental activities, compensated absences, net pension liability and total OPEB liability are generally liquidated by the General Fund. The Village does not currently have unused lines of credit in its governmental activities.

## Governmental activities

During the fiscal year ended September 30, 2010, the Village borrowed \$2,160,000 relating to a General Obligation Note, Series 2010, for the purpose of financing all or a part of the costs of (i) the creation and improvement of parks and recreational opportunities, (ii) the construction of a Public Safety and Village Hall complex, (iii) landscaping and aesthetic improvements to the John F. Kennedy Causeway, and (iv) related capital costs. The note is secured by the proceeds of ad valorem taxes levied on all taxable property in the Village. The note bears interest of 3.80% and is payable semi-annually while principal of \$102,857 is payable annually on December 1 of each year through the maturity date of December 1, 2031. The outstanding principal balance as of September 30, 2022, is \$1,028,573. The note contains a provision that in an event of default, the bank may declare all obligations of the Village to be immediately due and payable including accrued interest.

During the fiscal year ended September 30, 2011, the Village refinanced a \$6,250,000 General Obligation Note with the proceeds of a \$6,325,000 General Obligation Refunding Note. The proceeds were used to legally defease the original note and to pay costs of the refinancing. The note bears interest at 3.51% and is payable semi-annually while principal is payable annually on June 1 of each year through the maturity date of June 1, 2028. The outstanding principal balance as of September 30, 2022, is \$2,590,000. The note contains a provision that in an event of default, the bank may declare all obligations of the Village to be immediately due and payable, including accrued interest.

During the fiscal year ended September 30, 2020, the Village borrowed \$1,500,000 relating to a Road Improvement Revenue Note, Series 2020, for the purpose of financing the costs of improvements to the Village's roadways and paying costs of issuance of the note. The note bears interest of 1.221% and is payable semiannually while principal ranging from \$90,000 to \$110,000 is payable annually on July 1 of each year through July 1, 2035, when the remaining balance of \$1,500,000 is due. The note is secured by all non-ad valorem revenues which are legally available to make debt payments when due. The outstanding principal balance as of September 30, 2022 is \$1,315,000. If an event of default occurs, the interest rate shall be the then current interest rate on the Note at the time of the event of default plus 2%. Additionally, the Noteholder may pursue any available remedy by suit, at law or in equity in the State of Florida, to enforce the payment of the principal of and interest on the Note then outstanding.

During the fiscal year ended September 30, 2021, the Village borrowed \$2,350,000 relating to the Capital Asset Acquisition Taxable Refunding Note, Series 2021 for the purpose of refunding the Village's Capital Asset Acquisition Taxable Note, Series 2018 and paying the costs of issuance. The note bears interest of 2.984% and is payable semiannually while principal ranging from \$125,000 to \$190,000 is payable annually on July 1 of each year through July 1, 2036. The note is secured by all non-ad valorem revenues which are legally available to make debt payments when due. The outstanding principal balance as of September 30, 2022 is \$2,225,000. If an event of default occurs, the interest rate shall be the then current interest rate on the Note at the time of the event of default plus 2%. Additionally, the Noteholder may pursue any available remedy by suit, at law or in equity in the State of Florida, to enforce the payment of the principal of and interest on the Note then outstanding.

During the fiscal year ended September 30, 2022, the Village borrowed \$3,525,000 relating to the General Obligation Note, Series 2022 for the purpose of financing the costs of park improvements at the Treasure Island Elementary School site and other Village Parks, funding recreation projects within the Village, and paying the costs of issuance of the Note. The Note bears interest of 2.707% with debt service ranging from \$405,692 to \$407,434 payable annually on June 1 of each year through June 1, 2032. The note is secured by all non-ad valorem revenues which are legally available to make debt payments when due. The outstanding principal balance as of September 30, 2022 is \$3,525,000. If an event of default occurs, the interest rate shall be immediately increased to be the then current interest rate on the Note plus the greatest of the Prime Rate plus 3%, the Overnight Bank Funding Rate plus 3.5%, and the default rate of 7%. Additionally, the Noteholder may pursue any available remedy by suit, at law or in equity in the State of Florida, to enforce the payment of the principal of and interest on the Note then outstanding.

## NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 7 - LONG-TERM DEBT (CONTINUED)

#### Business-type activities

The Village has seven separate loan agreements with the State of Florida Department of Environmental Protection. The loans provided the funding for various sewer improvement, water main replacement, and automated water meter replacement projects on a cost reimbursement basis. Pursuant to the terms of the individual agreements, the Village began making semi-annual principal and interest payments on the loans six months subsequent to the completion of the related projects.

The Village is required to maintain rates and charges for the services furnished by the water and sewer systems which will be sufficient to provide pledged revenues equal to 1.15 times the sums of the semi-annual payments due in such fiscal year. At September 30, 2022, the Village was in compliance with these covenants. The significant terms of the loans are as follows:

| Revolving state loan of \$1,079,032 dated December 24, 2009; financing rate of 1.93%. The Village makes semi-annual principal and interest payments of \$39,929 on May 15 and November 15. The loan matures on May 15, 2031 and is collateralized by water and sewer revenues.                                | \$<br>538,964 |
|---|---------------|
| Revolving state loan of \$352,416 dated December 9, 2014; financing rate of 2.18%. The Village makes semi-annual principal and interest payments of \$10,597 on February 15 and August 15. The loan matures on August 15, 2031 and is collateralized by water and sewer revenues.                             | 180,614       |
| Revolving state loan of \$52,590 dated March 10, 2017; financing rate of .935%. The Village makes semi-annual principal and interest payments of \$1,626 on October 15 and April 15. The loan matures on April 15, 2035 and is collateralized by water and sewer revenues.                                    | 42,355        |
| Revolving state loan of \$ 2,546,720 dated May 16, 2017; financing rate of .085%. The Village makes semi-annual principal and interest payments of \$124,649 on October 15 and April 15. The loan matures on October 15, 2027 and is collateralized by water and sewer revenues.                              | 2,227,672     |
| Revolving state loan of \$4,032,795 dated July 12, 2018; interest rate of 1.34%. The Village makes semi-annual principal and interest payments of \$117,976 on November 15 and May 15. The loan matures on November 15, 2040 and is collateralized by water and sewer revenues.                               | 3,840,585     |
| Revolving state loan of \$2,788,008 dated July 2, 2018; interest rate of 1.24%. The Village makes semi-annual principal and interest payments based on the actual amount of the principal drawn under the agreement. The loan matures on February 15, 2042 and is collateralized by water and sewer revenues. | 2,788,008     |
| Revolving state loan of \$216,531 dated November 5, 2019; interest rate of .895%. The Village makes semi-annual principal and interest payments of  | _,. 23,330    |

206,869

\$6,747 on November 15 and May 15. The loan matures on May 15, 2040

and is collateralized by water and sewer revenues.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

<sup>\*</sup> Amounts above do not include all of the Village's State Revolving Fund debt service requirements. Only loans that have reached project completion are included above.

## Leases (Right-of-use-Assets)

The Village entered into 16 lease agreements as a Lessee which range in duration from 14 months to 69 months. The lease agreements qualify as other than a short-term lease under GASB 87 and therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. An initial lease liability was recorded in the amount of \$2,140,896. Principal and interest payments made during the fiscal year totaled \$369,472. Required monthly fixed payments range from approximately \$115 to \$16,400. The value of the leases (right-to-use assets) as of September 30, 2022 is \$2,140,896 with accumulated amortization of \$367,178.

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2022, are as follows:

| For the fiscal year ended | Governmental Activities |           |          |        |                    |           |  |       |

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 7 - LONG-TERM DEBT (CONTINUED)

#### Leases (Capital Leases)

The Village entered into 33 vehicle lease agreements for the police department and public works as a Lessee. The original lease liability was \$1,141,894 with lease terms ranging in duration from 36 to 60 months. Principal and interest payments made during the fiscal year totaled \$226,593. Required monthly payments range from approximately \$240 to \$866. The lease liability as of September 30, 2022 was \$190,168.

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2022, are as follows:

| For the fiscal year ended | Governmental Activities |         |    |         |    |         |
|---------------------------|-------------------------|---------|----|---------|----|---------|
| September 30,             | Principal               |         | li | nterest |    | Total   |
| 2023                      | \$                      | 88,964  | \$ | 13,997  | \$ | 102,961 |
| 2024                      |                         | 71,070  |    | 8,490   |    | 79,560  |
| 2025                      |                         | 25,722  |    | 2,921   |    | 28,643  |

## **NOTE 8 - RETIREMENT PLANS**

#### Florida Retirement System

As provided by Chapters 121 and 112, Florida Statutes, the Florida Retirement System ("FRS") provides two cost sharing, multiple employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan ("Pension Plan") and the Retiree Health Insurance Subsidy ("HIS Plan").

As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or by calling (877) 377-1737 or by visiting the Website: <a href="http://www.dms.myflorida.com/workforce">http://www.dms.myflorida.com/workforce</a> operations/retirement/publications.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 – RETIREMENT PLANS (CONTINUED)

## Pension Plan

## Plan description

The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program ("DROP") for eligible employees.

#### Benefits Provided

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of creditable service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% times years of service times final average compensation based on the five highest years of salary. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Administrative Support class members who retire at or after age 55 with at least six years of creditable service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% times years of service times final average compensation based on the five highest years of salary. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of creditable service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% times the years of service times their final average compensation based on the five highest years of salary for each year of creditable service. Senior Management Service class members who retire at or after age 62 with at least six years of creditable service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% times the years of service times their final average compensation based on the five highest years of salary for each year of creditable service. Elected Officers' class members who retire at or after age 62 with at least six years of creditable service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% times the years of service (3.33% for judges and justices) times their final average compensation based on the five highest years of salary for each year of creditable service.

For Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of creditable service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular, Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before August 1, 2011, the annual cost of living adjustment ("COLA") is three percent per year. The COLA formula for retirees with an effective retirement date or DROP begin date on or after August 1, 2011, will be the sum of the pre-July 2011 service credit divided by the total service credit at retirement multiplied by 3 percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 - RETIREMENT PLANS (CONTINUED)

## Contributions

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute three percent of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022, respectively, were as follows: Regular – 10.82% and 11.91%; Special Risk Administrative Support – 37.76% and 38.65%; Special Risk – 25.89% and 27.83%; Senior Management Service – 29.01% and 31.57%; Elected Officers' – 51.42% and 57.00%; and DROP participants – 18.34% and 18.60%. These employer contribution rates include 1.66% HIS Plan subsidy for the period October 1, 2021 through September 30, 2022.

## HIS Plan

#### Plan description

The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

#### Benefits provided

For the fiscal year ended September 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

## Contributions

The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2022, the HIS contribution was 1.66%. The Village contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled.

## Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At September 30, 2022, the Village reported liabilities of \$7,656,004 for its proportionate share of the Pension Plan's net pension liability and \$1,563,590 for the HIS Plan's net pension liability for a total net pension liability of \$9,219,594. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. At June 30, 2022, the Village's proportion was .020576212 percent for the Pension Plan and .014762552 percent for the HIS Plan, which was an increase of .000103285 percent and .000816635 percent respectively, from the proportionate share measured as of June 30, 2021.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 - RETIREMENT PLANS (CONTINUED)

For the year ended September 30, 2022, the Village recognized pension expense of \$941,189 for the Pension Plan and pension expense of \$114,798 for the HIS Plan for a total pension expense of \$1,055,987. At September 30, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  | Deferred Outflows of Resources |                      |         |                   |           |                      |

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 – RETIREMENT PLANS (CONTINUED)

Deferred outflows of resources in the amount of \$262,655 related to employer contributions made after the measurement date of the net pension liability but before the end of the Village's fiscal year ended September 30, 2022 will be recognized as a reduction of the net pension liability in the subsequent fiscal year ending September 30, 2022 rather than in the current fiscal year ended September 30, 2022. The amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

|               |     | Employer Share of Deferred Outflows/Inflows |    |          |    |           |  |

#### Actuarial assumptions

The Florida Retirement System Actuarial Assumption Conference is responsible for setting the assumptions used in the funding valuations of both pension plans pursuant to section 216.136 (10), Florida Statutes. The Pension Plan's valuation is performed annually. The HIS Plan has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the Pension Plan was completed in 2019 for the period July 1, 2013, through June 30, 2018. Because the HIS Plan is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS Plan were based on certain results of the most recent experience study for the Pension Plan. The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

|  | Pension Plan  | HIS Plan  |
|--|---|---|
| Inflation<br>Salary Increases<br>Investment rate of return | 2.40% 3.25% average, including inflation 6.70%, net of pension plan investment expense, including inflation | 2.40%<br>3.25% average, including inflation<br>N/A                                      |

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 - RETIREMENT PLANS (CONTINUED)

#### Long-term expected rate of return

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

|  | Target                  | Annual<br>Arithmetic | Compound<br>Annual<br>(Geometric) | Standard  |
|--|-------------------------|----------------------|-----------------------------------|-----------|
| Asset Class  | Allocation <sup>1</sup> | Return               | Return                            | Deviation |
| Cash   | 1.0%                    | 2.6%                 | 2.6%                              | 1.1%      |
| Fixed income   | 19.8%                   | 4.4%                 | 4.4%                              | 3.2%      |
| Global equity  | 54.0%                   | 8.8%                 | 7.3%                              | 17.8%     |
| Real estate (property)                               | 10.3%                   | 7.4%                 | 6.3%                              | 15.7%     |

## Discount rate

The discount rate used to measure the total pension liability was 6.70% for the Pension Plan. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculation the total pension liability is equal to the long-term expected rate of return.

The discount rate used to measure the total pension liability was 3.54% for the HIS Plan. In general, the discount rate for calculating the HIS Plan's total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS Plan benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the municipal bond rate of 2.16% was used to determine the total pension liability. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 - RETIREMENT PLANS (CONTINUED)

Sensitivity of the village's proportionate share of the net position liability to changes in the discount rate

The following table presents the sensitivity of the Village's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis, below, shows the impact to the Village's proportionate share of the net pension liability if the discount rate was 1.00% lower or 1.00% higher than the current discount rate at June 30, 2022.

## Investment plan

The SBA (State Board of Administration) administered the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS Defined Benefit Plan. Village employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual members' accounts, are defined by law, but the ultimate benefit depends, in part, on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class, as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06 percent of payroll and by forfeited benefits of plan members. Allocations to the investment members' accounts during the 2021-2022 fiscal year, as established by Section 121.72, Florida Statutes, are based on percentage of gross compensation, by class, as follows:

| Class             | Allocation Rate |
|-------------------|-----------------|
| Elected Officials | 11.34%          |
| Senior Management | 7.67%           |
| Special Risk      | 14.00%          |
| Regular Employees | 6.30%           |
|                   |                 |

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 8 - RETIREMENT PLANS (CONTINUED)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan vesting is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on these funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over his or her account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Village.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Pension Plan or remain in the Investment Plan and rely upon that account balance for retirement income.

#### **NOTE 9 – DEFINED CONTRIBUTION PLAN**

The Village also has a defined contribution plan ("Plan") in accordance with Internal Revenue Code Section 401(a). There are four employees that did not transfer their balances to FRS that remain in this Plan. The Plan provides for required employer and employee contributions of 13.5% and 5.5% of employee earnings for the Plan year, respectively. The Village contributed approximately \$79,328 and the employees contributed approximately \$10,675 for the year ended September 30, 2022. Plan amendments must be approved by the Village Commission. The Plan is administered by ICMA Retirement Corp.

## **NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS**

## Plan description and funding policy

Employees who retire from the Village and their dependents are eligible to continue to participate in the Village's single-employer defined benefit healthcare plan (the "Plan") currently offered through the Village at the "blended" employee group rate which, is determined annually by the Village. The retiree must continue to meet all participation requirements and pay all applicable premiums by the specified due date.

The Village provides no funding for any portion of the premiums after retirement. However, the Village recognizes that there is an "implicit subsidy" arising as a result of the blended rate premium since retiree health care costs, on average are higher than active employee healthcare costs. There are no assets accumulated in a trust that meet the criteria of the GASB to pay related benefits for the OPEB plan. The Plan does not issue a separate financial report. It is the City's current policy to fund the Plan on a "pay-as-you-go" basis from the General Fund.

The following table provides a summary of the number of participants in the Plan as of October 1, 2021:

| Inactive plan members or beneficiaries    |    |
|---|----|
| currently receiving benefits              | -  |
| Inactive plan members entitled to but not |    |
| yet receiving benefits                    | -  |
| Active plan members                       | 52 |
| Total plan members                        | 52 |

## Actuarial methods and assumptions

The actuarial valuation of the calculation of OPEB involves estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future.

NOTES TO BASIC FINANCIAL STATEMENTS **SEPTEMBER 30, 2022** 

## NOTE 10 - OTHER POST-EMPLOYMENT BENEFITS (CONTINUED)

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the City and Plan members) and include the types of benefits in force at the valuation date and the historical pattern of sharing benefit costs between the City and the Plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

The total OPEB liability at September 30, 2022 was based on an actuarial valuation dated October 1, 2021 with a measurement date of September 30, 2022, using the following actuarial assumptions:

| Actuarial cost method<br>Inflation<br>Discount rate<br>Salary increases | Entry age normal<br>2.25%<br>4.40%<br>3.00%   |
|---|---|
| Retirement age  | Earlier of age 62 with at least 6 years of service, or at least 30 years of service at any age; participants who have attained such age as of the valuation date are assumed to retire one year after the valuation date.   |
| Mortality   | Mortality tables used in the July 1, 2021 actuarial valuation of the Florida Retirement System for non-K-12 Instructional Regular Class members. These rates were taken from adjusted PUB-2010 mortality tables published by the Society of Actuaries with generational improvements using Scale MP-2018. Adjustments to referenced tables are based on |

ts the results of a statewide experience study covering the period 2013 through 2018.

Healthcare Cost Trend 6.00% for fiscal year beginning 2022, 5.75% for fiscal year beginning Rates

2023 and then gradually decreasing to an ultimate trend rate of 4.00%.

### Discount rate

The discount rate used to measure the total OPEB liability at September 30, 2022 was 4,40%. Because the Village's OPEB costs are funded on a pay-as-you-go funding structure, the return on the Fidelity 20-Year Municipal GO AA Index as of the measurement date was used to determine the total OPEB liability.

## Total OPEB liability of the Village

The components and changes of the Village's total OPEB liability at September 30, 2022, are as follows:

|  | <br>otal OPEB<br>Liability |
|--|----------------------------|
| Balance at 9/30/2021   | \$<br>266,018              |

## OPEB expense and deferred outflows of resources

For the year ended September 30, 2022, the Village recognized OPEB expense of (\$24,766). At September 30, 2022, the Village reported no deferred outflows of resources related to OPEB.

## **NOTE 11 – COMMITMENTS AND CONTINGENCIES**

### Litigation

The Village is involved in several lawsuits incidental to its operations, the outcome of which, in the opinion of management and legal counsel, should not have material adverse effect on the financial position of the Village.

## Risk management

The Village is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, and natural disasters for which the Village carries commercial insurance. There were no significant reductions in insurance coverage from coverage in the prior year and there were no settlements that exceeded insurance coverage for each of the past three years. The Village provides employee medical benefits through commercial insurance coverage.

#### Grants contingency

The Village receives grants from governmental agencies that require compliance with certain provisions stated in the grant agreements and are subject to audit by their granter agencies. Failure to comply with the provisions or the results of any granter audit could result in the return of funds and are subject to audit by their granter agencies. Management of the Village deems the likelihood of this contingency remote since, in its opinion, the Village has complied in all material respects with the provisions of the grants.

NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2022

## NOTE 11 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### Lease agreements

The Village entered into an operating lease for the rental of the Village City Hall Facility through June 30, 2016 and extended through June 30, 2018. During the fiscal year September 30, 2021, the Village renewed this facility lease for an additional three years. The lease provides for an option to renew for one additional year.

The Village entered into an operating lease for the rental of an additional unit at the Village City Hall Facility through June 30, 2016 and extended through June 30, 2018. During the fiscal year September 30, 2021, the Village renewed the lease for an additional three years. The lease provides for an option to renew for one additional year.

The Village entered into an operating lease for the rental of an additional unit at the Village City Hall Facility for use by the Police Department through February 2022 and extended through June 30, 2024. During the fiscal year September 30, 2021, the Village exercised the first extension. The lease provides for an option to renew for one additional year.

#### Encumbrances

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At September 30, 2022, following encumbrances were outstanding:

| General Fund  |                 |          |
|---|-----------------|----------|
| 30' Purpose Built Marine Patrol Vessel for the Police Department  | \$              | 52,498   |

NOTES TO BUDGETARY COMPARISON SCHEDULES FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2022

## NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

The Village legally adopts annual budgets for all governmental funds, with the exception of Federal Forfeiture Fund, State Forfeiture Fund, Parks Improvement Fund and Police Improvement Trust Fund.

The budgets are prepared on a basis consistent with accounting principles generally accepted in the United States. At least 60 days prior to the close of the fiscal year, the Village Commission is presented with a proposed budget including proposed expenditures and the means of financing them. After Commission review and public hearings, the budget is adopted prior to October 1. Budgets are approved on a fund-by-fund basis and management may transfer amounts between line items within the various activities in a department as long as the transfer does not amount to more than 5% of the total budget of the department. There were no budgetary transfers within a department for the year ending September 30, 2022. All other budgetary transfers must be approved by resolution of the Village Commission. Expenditures may not exceed appropriations at the departmental level.

Budgets are considered a management control and planning tool and as such are incorporated into the accounting system of the Village. The Village Commission, by resolution, may make supplemental appropriations for the year up to the amount of revenues in excess of those estimated. Appropriations lapse at year-end. There were no amendments to the budget for the current fiscal year.

## NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended September 30, 2022, expenditures exceeded appropriations in the following:

| General Fund - Capital Outlay                     | 231,516 |
|---|---------|
| General Fund - Debt Service                       | 423,097 |
| Building Fees Fund - Building Planning and Zoning | 402,920 |
| Building Fees Fund - Debt Service                 | 30,658  |

These unfavorable variances were caused by unbudgeted costs related to unforeseen circumstances and occurrences during the year and were covered by revenues in excess of budget and unassigned fund balance.

The Village had supplemental appropriations of \$677,710 for the General Fund.NOTES

#### NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

State Forfeiture Fund – This fund is used to account for State forfeitures restricted for law enforcement purposes.

**Federal Forfeiture Fund** – This fund is used to account for Federal forfeitures restricted for law enforcement purposes.

**Street Maintenance Fund** – This fund is used to account for the operations of street maintenance and construction costs.

**Children's Services Fund** – This fund is used to account for certain grants and programs that provide for summer programs as well as other adolescent activities.

**Transportation Fund** – This fund is used to account for restricted revenues and expenditures associated with a county levied surtax and designated for public transportation purposes.

**Police Improvement Fund** – This fund is used to account for revenues and expenditures for law enforcement purposes.

#### **DEBT SERVICE FUNDS**

Debt service funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Roadway Improvement Projects Debt Service Fund – This fund is used to accumulate resources and distribute principal and interest on governmental long-term debt payable by the Village for roadway capital improvements.

**Debt Service Fund** – This fund is used to accumulate resources and distribute principal and interest on governmental long-term debt payable by the Village.

### CAPITAL PROJECTS FUNDS

Capital projects funds are used to account for the acquisition or construction of various major capital projects.

**Parks Improvement Fund** - This fund is used to account for the revenues and expenditures associated with park acquisition, improvements and enhancements.

**CITT Roadway Improvements Capital Projects Fund** - This fund accounts for the acquisition or construction of various road improvements throughout the Village.

**Capital Projects Fund – ARPA** – This fund is used to account for the revenues and expenditures for capital projects related to funds received from the American Recovery Plan Act.

Capital Projects Fund - This fund accounts for the acquisition or construction of various capital projects.

**Capital Projects GOB Fund** – This fund is used to account for the revenues and expenditures for capital projects related to voter approved General Obligation Bond debt.

| Total direct and overlapping debt            | \$<br>8,565,112,573 |  | \$<br>10,206,525                             |

Notes: (1) The percentage of the overlap is calculated as follows:

Overlapping portion of the government's revenue base (North Bay Village)

Total revenue base of the overlapping government (Miami-Dade County)

Assessed value of taxable property is the base used in the above calculation.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the Village Commission North Bay Village, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of North Bay Village, Florida (the "Village"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated June 30, 2023.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Caballero Fierman Llerena & Garcia, LLP

Caballero Fierman Llerena & Garcia, LLP Miami, Florida June 30, 2023

### MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Honorable Mayor and Members of the Village Commission North Bay Village, Florida

### **Report on the Financial Statements**

We have audited the basic financial statements of North Bay Village, Florida (the "Village"), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 30, 2023.

### Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountants' Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports and schedule, which are dated June 30, 2023, should be considered in conjunction with this management letter.

#### **Prior Audit Findings**

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings or recommendations made in our preceding financial report.

### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the notes financial statements.

### **Financial Condition and Management**

Sections 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Village has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the Village. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. This assessment has been performed as of the fiscal year end.

### **Financial Condition and Management (Continued)**

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

#### **Additional Matters**

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

### Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, Village Commission and applicable management, and is not intended to be and should not be and should not be used by anyone other than these specified parties.

### INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE PURSUANT TO SECTION 218.415 FLORIDA STATUTES

To the Honorable Mayor, Village Commission, and Village Manager North Bay Village, Florida

We have examined North Bay Village, Florida's (the "Village") compliance with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2021 to September 30, 2022. Management of the Village is responsible for the Village's compliance with the specified requirements. Our responsibility is to express an opinion on the Village's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Village complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether Village complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Village's compliance with specified requirements. In our opinion, the Village complied, in all material respects, with the requirements of Section 218.415 Florida Statutes during the period of October 1, 2021 to September 30, 2022.

This report is intended solely for the information and use of management, the Mayor, the Village Commission, others within the Village and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.
