The above quotation is based upon site access for heavy equipment and soil conditions of 2000 PSI. If during excavation of foundations necessary per manufacturer's specifications conditions exceed normal, our contractor shall notify the owner immediately. This shall include all types of rock, vegetation and any unforeseen hazards. There will be additional charges incurred to clear the area and/or the abutment hole so that installation can be completed.

DESCRIPTION

Items to be managed by customer unless otherwise stated in proposal:

- Site security and safety requirements while job is in progress.
- Customer to provide 110 electrical power and water required for proper installation
- All underground utilities be marked prior to installation.
- Provide waste receptacle to accommodate construction debris.
- Provide benchmark for required elevation to be established.
- Complete site preparation , excavation and disposal of spoil.
- Provide required permitting and administration.
- Landscaping.
- Masonry repairs.

PROJECT NOTES:

- Pricing is based on unrestricted access to site for large machinery
- Pricing is based on staging/delivery area being next to installation area
- Pricing is based on offloading of equipment on site and immediate installation
- Customer is responsible for verifying the accuracy of all quantities and dimensions included in this estimate.
- Dumpster to be provided by Play Space Services

*Total Price reflects all portions of the project being accepted. Should any portion of the job not be picked up, a new quote will be generated.
