Date: February 24, 2025

To: Frank Rollason, Village Manager

From: Silvia E. Vargas, FAICP, LEED AP, Village Planner

Subject: 1580 79th St. Causeway – Administrative Warrant for Temporary Structure (Food Truck) – 1st Extension

I. Basic Information

1. Property Owner: Rabbi Faivish Dalfin
2. Applicant: Louis Naftali Filiba
3. Site Address: 1580 79th Street (Kennedy) Causeway
4. Site Acreage: 20,000 sq. ft. (0.46 acres)
5. Folio No.: 23-3209-010-0220
6. Legal Description: As described in Exhibit "A" (attached)
7. Current Use of Property: Religious institution/office building
8. Future Land Use Designation: Commercial
9. Zoning District: T6-24
10. Adjacent Land Uses:
 - North: Commercial building (vacant restaurant)
 - East: Commercial (grocery store)
 - West: Commercial (self-storage)
 - South: Medium density multifamily residential

II. Background Information

1. *Date of Related Site Plan Approval:* N/A. The warrant application (attached as Exhibit "B") is in connection with an existing development. The site contains one building that currently houses the Ohr Menachem Chabad of North Bay Village, a religious institution, and related administrative and community-oriented spaces. Ohr Menachem Chabad was established in North Bay Village in 2003.
2. *Ancillary Approvals:* None.
3. *Nature of the Administrative Warrant Request:* The initial request by Louis Naftali Filiba was to establish and operate a mobile kosher food truck on the existing surface parking of the property.

The truck is parked and operated in the surface parking lot in the front of the property during hours of operation, as seen in Exhibit "E". During non-operating hours, the truck **shall** be parked in the rear of the property. The proposed hours of operation are Sunday through Thursday from 3:00 pm to 11:00 pm, Friday and Saturday closed.

The proposed business model includes the support of a professional commissary kitchen (Weberman Traditional Foods, Inc / Gourmet Kosher LLC, based in Miami Beach), where food is prepared and subsequently supplied to the food truck. All wastewater and grease/oil/fat generated in the truck from finishing the food by deep fryer, flat top grill or shawarma grill is stored in containers and disposed of through said commissary kitchen. Yalla Delicious has obtained a Mobile Food Dispensing Vehicle license from the Florida Department of Business and Professional Regulations, expiring October 1, 2025 (attached as Exhibit "C").

The request for a warrant falls under the provisions of Ordinance No. 2023-013 (attached as Exhibit "D"), which amended subsection 15.3.B.2.e(1)(b) to allow temporary structures such as food trucks, kiosks, shipping containers adapted for retail or service uses, portable bathroom facilities, stands, pop-up shops, temporary sales centers and the like to be approved by administrative warrant on properties located within the T6 transect zone, subject to the limitations detailed in the Ordinance.

4. *Request History:* Ordinance No. 2023-013, adopted November 9, 2023, the result of a privately initiated code amendment, allows temporary structures, including food trucks, kiosks, shipping containers adapted for retail or service uses, portable bathroom facilities, stands, pop-up shops, temporary sales centers and the like, to be approved by Warrant within the T6-24 and T6-30 Zoning districts, subject to the following limitations:

- Kiosks and stands are limited to temporary covered structures no greater than 300 square feet and must have one or more open sides.
- All temporary structures are subject to the applicable dimensional standards and other relevant requirements of the ULDC and to the applicable provisions of the Florida Building Code. Any contravention of these standards or of specific conditions of the warrant approving the temporary structure may be grounds for revocation of the approval.
- Temporary structures may be approved for a maximum of six (6) months, renewable administratively up to two (2) additional times in maximum periods of six months each time for a maximum of eighteen (18) months.

A food truck proposal, as conditioned in this recommendation, meets the above limitations and criteria for approval of a warrant.

Specifically, the proposed deviation is within the bounds of a Warrant, which is defined in Sec. 15.1.H.4.a.(1) of the ULDC, as amended, along with the criteria for granting such deviations, as appropriate to the nature of the Waiver involved and the particular circumstances of the case, when doing so promotes the intent of the particular Transect Zone where the proposal is located; is consistent with the guiding principles of the NBV100 Master Plan; the manner in which the proposed use will operate given its specific location and

proximity to less intense uses; and the Design Review Criteria defined in Section 15.7.1., as applicable.

On May 7, 2024, the original Warrant request for the operation of Yalla Delicious was approved by the Village Manager, per Sec. 15.1.H.4.a.(1).

On May 10, 2024, the applicant submitted a request to amend the approved location to a different operating location within the same property of the same food truck business. This request was reviewed and approved by the Village Manager on June 14, 2024

III. Basis for Warrant Extension

On February 10, 2025, the applicant submitted a request to extend the current Warrant for six (6) months. This is the first of two (2) allowable six-month extensions per Section 15.3.A.2.e.(1)(b)vi. of the North Bay Village ULDC.

IV. Consistency with the ULDC (Form-Based Code) and the NBV100 Master Plan:

Upon review of the Warrant amendment application pursuant to the review and approval process described in Section 15.1.H.4.c.iii. of the ULDC, the Planning and Zoning Official finds that the proposed deviation is consistent with the guiding principles of the NBV100 Master Plan.

One of these principles is to improve the quality of life, by identifying catalytic opportunities to add community services, amenities, and places for social interaction. The Master Plan also promotes (though in a focused manner previously limited to Pirates Alley and the Island Walk) concepts of temporary and incremental activation of spaces. The Village, through the adoption of Ordinance No. 2023-013, recognizes that the transformation of the 79th Street Corridor is a long-term endeavor and that temporary activations of undeveloped or underdeveloped sites can help incubate more activity in the heart of the Village until approved redevelopment takes place.

Upon issuance of the Village Manager's decision on this Waiver amendment request, notice of the decision will be posted on the Village website within five (5) days of the written decision.

V. Recommendation: Approval of the requested extension, subject to the conditions listed below.

VI. Conditions of Approval:

1. Pursuant to the provisions of subsections 15.1.H.4.a. and 15.3.B.2.e(1)(b) of the ULDC, this administrative Warrant permits the temporary operation of a food truck on the property located at 1580 79th Street Causeway, limited to the sale of pre-cooked halal food items to the public for limited on-site consumption and delivery.
2. The approved use shall be limited to a single truck.
3. The applicant shall obtain an applicable Business Tax Receipt (BTR) from North Bay Village before starting to operate the business.
4. The applicant shall maintain a valid Florida License at all times.

5. To qualify for a BTR, the applicant shall submit to the Village all required licenses or permits that may be required by agencies of the State of Florida, which may include, but may not be limited to mobile facility, food seller, public health, and food handler authorizations.
6. The approved use shall only include finishing food by deep fryer, flat top grill or shawarma grill inside the food truck. The approved use shall not include processing or cooking of raw food on site.
7. The approved use shall maintain a legal agreement with a licensed professional commissary kitchen at all times for their raw food preparation and wastewater and oil/grease/fat disposal.
8. The approved use may include limited outdoor dining on site restricted to a maximum of five (5) seats, as indicated on the Site Plan. To provide outdoor dining as described above, the applicant shall first pay to the Village the required fee for outdoor dining/seating use and area per Sec. 8.17.H.2.l(3).
9. All food service equipment utilized by the mobile food truck vendor shall be maintained in good repair and a clean condition.
10. The approved use shall, at all times, comply with applicable food safety regulations, OSHA regulations, proper waste disposal regulations, driving regulations, public health laws, tax laws, driver's license and other relevant agency laws.
11. All waste and trash shall be removed from the property at the end of each day and deposited in appropriate waste receptacles.
12. The truck wherein the Yalla Delicious business will be conducted may be parked in the front of the property in the surface parking lot, as per the Site Plan (Exhibit "E"), during its days and hours of operation, Sunday through Thursday from 3:00 to 11:00 pm. During non-operating days (Friday and Saturday) and non-operating hours, the truck shall be parked in the southwest corner of the property, at the rear of the existing surface parking lot, as per the Site Plan (Exhibit "E").
13. The truck shall not be parked in a fire lane or in an area blocking a fire hydrant; or in any driveway aisles, "no parking" zones, or loading-only areas.
14. The truck shall not be parked anywhere within the property's required setbacks or within the public right of way.
15. The approved use shall not interfere with the normal use of the principal structure, including parking in any designated parking spaces.
16. Any use of generator power shall comply with the noise restrictions of Chapter 96 of the Code of Ordinances. Noise from generators shall be attenuated as necessary through exhaust silencers/mufflers.
17. Electric service connection to an on-site approved outlet is permitted provided that no wiring or cables are run beyond the vending area or pose any danger to the patrons. No permanent connection to an electrical system is allowed.
18. Electrical service shall be by an approved electrical cord/plug without use of extension cords, connecting to a circuit with the correct amperage to serve the vehicle. The electrical cord must be protected from physical damage.
19. An electrical permit from the Village shall be required for installing an outlet or making any other modifications to the electrical system.
20. Parking used by the mobile business, including by employers, vendors, or customers of the business, shall not restrict or hinder parking required to serve the principal structure, during its peak use hours.
21. No freestanding signs or advertisements, sandwich board signs, flags, balloons, streamers, flashing lights, banners, or other similar attraction devices (including

- music) shall be utilized to call attention to the truck's operation unless permitted consistent with the Village's applicable sign standards.
22. In the event of a severe weather event such as a hurricane, the truck shall be removed from the property.
 23. This Warrant shall be valid for a maximum of six (6) months, renewable administratively up to **one (1) additional** six-month period.
 24. Any contravention of the applicable standards of the ULDC, or of specific conditions of this Warrant may be grounds for the revocation of this approval.
 25. The subject property shall be cleaned at regular intervals and at the end of each day to ensure food scraps or other debris are removed and dealt with appropriately.
 26. Access during business hours to the Synagogue's restrooms for employees and patrons of the food truck shall be guaranteed in writing by the property owner prior to the issuance of a BTR.
 27. Violation of any of these conditions shall be cause for the Village Manager to revoke the warrant and terminate the authority to use subject property as described in the application.

Dear Ms. Silvia Vargas,

I, Rabbi Faivish Dalfin, am the owner of the property located at 1580 79th Street Causeway, North Bay Village, FL 33141. I hereby authorize Yalla Delicious, LLC to operate a kosher food truck on the premises of the aforementioned property. This will be the only kosher restaurant option for the Jewish residents in North Bay Village. This authorization is valid from February 24th, 2025 to August 23rd, 2025.

Thank you for helping us better serve the community of North Bay Village.

Sincerely,

Rabbi Faivish Dalfin

 - South: Medium density multifamily residential

II. Background Information

1. *Date of Related Site Plan Approval:* N/A. The warrant application (attached as Exhibit "B") is in connection with an existing development. The site contains one building that currently houses the Ohr Menachem Chabad of North Bay Village, a religious institution, and related administrative and community-oriented spaces. Ohr Menachem Chabad was established in North Bay Village in 2003.
2. *Ancillary Approvals:* None.
3. *Nature of the Administrative Warrant Request:* The request by Louis Naftali Filiba is to establish and operate a mobile kosher food truck on the existing surface parking of the property. The proposed food truck, Yalla Delicious, would be the only fully kosher restaurant in the area, catering to the dietary needs of the observant Jewish community in the area.

The truck will be parked and operated at the rear of the surface parking lot, in the southwest corner of the lot. The proposed hours of operation are Sunday through Thursday from 4:00 to 10:00 pm, Friday closed, and Saturday 9:30 pm to 12:00 am.

The proposed business model includes the support of a professional commissary kitchen (Weberman Traditional Foods, Inc / Gourmet Kosher LLC, based in Miami Beach), where food will be prepared and subsequently supplied to the food truck. All wastewater and grease/oil/fat generated in the truck from finishing the food by deep fryer, flat top grill or shawarma grill will be stored in containers and disposed of through said commissary kitchen. Yalla Delicious has obtained a Mobile Food Dispensing Vehicle license from the Florida Department of Business and Professional Regulations, expiring October 1, 2024 (attached as Exhibit "C").

The request for a warrant falls under the provisions of Ordinance No. 2023-013 (attached as Exhibit "D"), which amended subsection 15.3.B.2.e(1)(b) to allow temporary structures such as food trucks, kiosks, shipping containers adapted for retail or service uses, portable bathroom facilities, stands, pop-up shops, temporary sales centers and the like to be approved by administrative warrant on properties located within the T6 transect zone, subject to the limitations detailed in the Ordinance.

III. Basis for Requested Application

Ordinance No. 2023-013, adopted November 9, 2023, the result of a privately initiated code amendment, allows temporary structures, including food trucks, kiosks, shipping containers adapted for retail or service uses, portable bathroom facilities, stands, pop-up shops, temporary sales centers and the like, to be approved by Warrant within the T6-24 and T6-30 Zoning districts, subject to the following limitations:

- Kiosks and stands are limited to temporary covered structures no greater than 300 square feet and must have one or more open sides.
- All temporary structures are subject to the applicable dimensional standards and other relevant requirements of the ULDC and to the applicable provisions of the Florida Building Code. Any contravention of these standards or of specific conditions of the warrant approving the temporary structure may be grounds for revocation of the approval.
- Temporary structures may be approved for a maximum of six (6) months, renewable administratively up to two (2) additional times in maximum periods of six months each time for a maximum of eighteen (18) months.

A food truck proposal, as conditioned in this recommendation, meets the above limitations and criteria for approval of a warrant.

Specifically, the proposed deviation is within the bounds of a Warrant, which is defined in Sec. 15.1.H.4.a.(1) of the ULDC, as amended, along with the criteria for granting such deviations, as appropriate to the nature of the Warrant involved and the particular circumstances of the case, when doing so promotes the intent of the particular Transect Zone where the proposal is located; is consistent with the

guiding principles of the NBV100 Master Plan; the manner in which the proposed use will operate given its specific location and proximity to less intense uses; and the Design Review Criteria defined in Section 15.7.1., as applicable.

IV. Consistency with the ULDC (Form-Based Code) and the NBV100 Master Plan:

Upon review of the Warrant application pursuant to the review and approval process described in Section 15.1.H.4.c.iii. of the ULDC, the Planning and Zoning Official finds that the proposed deviation is consistent with the guiding principles of the NBV100 Master Plan and the criteria for approval of a Warrant.

One of these principles is to improve the quality of life, by identifying catalytic opportunities to add community services, amenities, and places for social interaction. The Master Plan also promotes (though in a focused manner previously limited to Pirates Alley and the Island Walk) concepts of temporary and incremental activation of spaces. The Village, through the adoption of Ordinance No. 2023-013, recognizes that the transformation of the 79th Street Corridor is a long-term endeavor and that temporary activations of undeveloped or underdeveloped sites can help incubate more activity in the heart of the Village until approved redevelopment takes place.

The Applicant has met the procedural requirements of subsection 15.1.H.4.a. of the ULDC. At the time of application, the Applicant notified (via certified mail with verification submitted to the Village with the application) abutting property owners, including those across the street, pursuant to subsections 15.1.H.4.b.(1)i. and ii. of the ULDC.

Upon issuance of the Village Manager's decision on this Waiver request, notice of the decision will be posted on the Village website within five (5) days of the written decision.

V. Recommendation: Approval, subject to the conditions listed below.

VI. Conditions of Approval:

1. Pursuant to the provisions of subsections 15.1.H.4.a. and 15.3.B.2.e(1)(b) of the ULDC, this administrative Warrant permits the temporary operation of a food truck on the property located at 1580 79th Street Causeway, limited to the sale of pre-cooked halal food items to the public for limited on-site consumption and delivery.
2. The approved use shall be limited to a single truck.
3. The applicant shall obtain an applicable Business Tax Receipt (BTR) from North Bay Village before starting to operate the business.
4. The applicant shall maintain a valid Florida License at all times.
5. To qualify for a BTR, the applicant shall submit to the Village all required licenses or permits that may be required by agencies of the State of Florida, which may include, but may not be limited to mobile facility, food seller, public health, and food handler authorizations.
6. The approved use shall only include finishing food by deep fryer, flat top grill or shawarma grill inside the food truck. The approved use shall not include processing or cooking of raw food on site.

7. The approved use shall maintain a legal agreement with a licensed professional commissary kitchen at all times for their raw food preparation and wastewater and oil/grease/fat disposal.
8. The approved use may include limited outdoor dining on site restricted to a maximum of five (5) seats, as indicated on the Site Plan. To provide outdoor dining as described above, the applicant shall first pay to the Village the required fee for outdoor dining/seating use and area per Sec. 8.17.H.2.I(3).
9. All food service equipment utilized by the mobile food truck vendor shall be maintained in good repair and a clean condition.
10. The approved use shall, at all times, comply with applicable food safety regulations, OSHA regulations, proper waste disposal regulations, driving regulations, public health laws, tax laws, driver's license and other relevant agency laws.
11. All waste and trash shall be removed from the property at the end of each day and deposited in appropriate waste receptacles.
12. The truck wherein the Yalla Delicious business will be conducted may be parked in the southwest corner of the property, at the rear of the existing surface parking lot, as per the Site Plan (Exhibit E), during its days and hours of operation, Sunday through Thursday from 4:00 to 10:00 pm, Friday closed, and Saturday 9:30 pm to 12:00 am.
13. The truck shall not be parked in a fire lane or in an area blocking a fire hydrant; or in any driveway aisles, "no parking" zones, or loading-only areas.
14. The truck shall not be parked anywhere within the property's required setbacks or within the public right of way.
15. The approved use shall not interfere with the normal use of the principal structure, including parking in any designated parking spaces.
16. Any use of generator power shall comply with the noise restrictions of Chapter 96 of the Code of Ordinances. Noise from generators shall be attenuated as necessary through exhaust silencers/mufflers.
17. Electric service connection to an on-site approved outlet is permitted provided that no wiring or cables are run beyond the vending area or pose any danger to the patrons. No permanent connection to an electrical system is allowed.
18. Electrical service shall be by an approved electrical cord/plug without use of extension cords, connecting to a circuit with the correct amperage to serve the vehicle. The electrical cord must be protected from physical damage.
19. An electrical permit from the Village shall be required for installing an outlet or making any other modifications to the electrical system.
20. Parking used by the mobile business, including by employers, vendors, or customers of the business, shall not restrict or hinder parking required to serve the principal structure, during its peak use hours.
21. No freestanding signs or advertisements, sandwich board signs, flags, balloons, streamers, flashing lights, banners, or other similar attraction devices (including music) shall be utilized to call attention to the truck's operation unless permitted consistent with the Village's applicable sign standards.
22. In the event of a severe weather event such as a hurricane, the truck shall be removed from the property.
23. This Warrant shall be valid for a maximum of **six (6) months**, renewable administratively up to two (2) additional times in maximum periods of six months each time for a maximum of eighteen (18) months.
24. Any contravention of the applicable standards of the ULDC, or of specific conditions of this Warrant may be grounds for the revocation of this approval.

25. The subject property shall be cleaned at regular intervals and at the end of each day to ensure food scraps or other debris are removed and dealt with appropriately.
26. Access during business hours to the Synagogue's restrooms for employees and patrons of the food truck shall be guaranteed in writing by the property owner prior to the issuance of a BTR.
27. Violation of any of these conditions shall be cause for the Village Manager to revoke the warrant and terminate the authority to use subject property as described in the application.

LETTER OF AUTHORIZATION

Dear Ms. Silvia Vargas,
I, Rabbi Faivish Dalfin, am the owner of the property located at 1580 79th Street Causeway, North Bay Village, FL 33141. I hereby authorize Yalla Delicious, LLC to operate a kosher food truck on the premises of the aforementioned property. This will be the only kosher restaurant option for the Jewish residents in North Bay Village. This authorization is valid from 10th April, 2024 to 9th April, 2025.

Thank you for helping us better serve the community of North Bay Village.

Sincerely,

Rabbi Faivish Dalfin

Rabbi Dalfin

YALLA!!!

LETTER OF INTENT

9th April, 2024

Ms. Silvia Vargas

Website: northbayvillage-fl.gov

Address: 1666 Kennedy Causeway Suite
300 North Bay Village, FL.33141

Dear Ms. Silvia Vargas~

I am writing to express my intent to establish a mobile kosher food truck in North Bay Village. Our food truck, Yalla Delicious, will be the only fully kosher restaurant in the area, catering to the dietary needs of the observant Jewish community in the vicinity. Our proposal is based on the fact that there is a significant population of observant Jews in North Bay Village who currently do not have access to a fully kosher dining option.

This aligns with the guiding principles of North Bay Village 100, specifically Chapter 15.1-General provisions, which states in part:

§ 15.1 - General provisions.

A.

Title. This chapter shall be known as the NBV100 Form-Based Code or the Form-Based Code.

B.

Purpose and intent. This chapter sets forth the standards applicable to form-based districts and transect zones in North Bay Village. These standards are intended to:

YALLA!!!

1.

Support the goals, objectives, and policies of the North Bay Village Comprehensive Plan.

2.

Support the goals of the NBV100 Master Plan, which include livability, resiliency, and prosperity.

a.

Livability goals include:

(1)

Prioritize people over cars.

(2)

Embrace the waterfront.

(3)

Improve the quality of life.

(4)

Synergize public space to refresh NBV identity.

b.

Resiliency goals include:

(1)

Implement responsible and self-sustaining policies that reflect NBVs commitment to the stewardship of its waterfront and the water quality of Biscayne Bay.

(2)

Help mitigate climate change through resource conservation and reductions in carbon admissions.

YALLA!!!

c.

Prosperity goals include:

(1)

Capitalize on existing resources.

(2)

Increase private property value.

(3)

Optimize and manage parking.

(4)

Incentivize flexibility and predictability.

Furthermore, our food truck will operate in compliance with the Transect expressed in Section 15.1, ensuring that it harmonizes with the existing urban fabric and promotes a vibrant street life.

We have carefully considered the Design Review Criteria outlined in Section 15.7.I., and our food truck will be designed to enhance the visual appeal of the area while maintaining the functionality required for a mobile food service operation.

We believe that our proposal meets the intent of the Transect, the guiding principles of North Bay Village 100, and the Design Review Criteria (Approved Design Included Below).

We are committed to operating our food truck in a manner that is respectful of its specific location and proximity to less intense uses, ensuring that it enhances the overall character of the area.

YALLA!!!

Thank you for considering our proposal. We are excited about the opportunity to bring a unique and valuable dining experience to North Bay Village.

Sincerely,

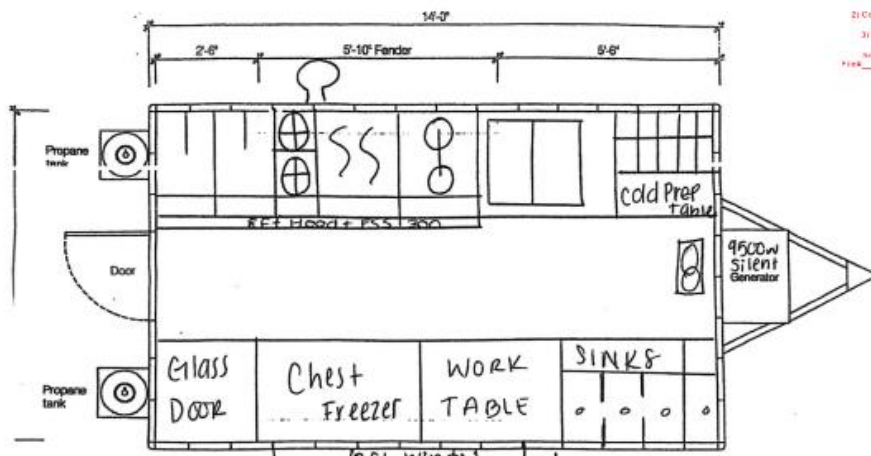

Naftali Lusio Filiba

[image002.png](#)
[Yalla Site Plan.pdf](#)

Hi Antonio~

Please see my sur responses to your comments/questions below:

1. Per the scope letter, food will be “finished by the way of deep fryer, flat top grill or shawarma grill in our food truck/trailer.” How will that onsite grease/oil be managed? I do not see any grease trap/interceptor in the site plan. We have a professional USDA certified food plant which is our commissary kitchen. We have contracted with them to dispose of any grease and grey water. Please refer to Addendum 1 in our Scope document to see that agreement. AA: I understand that the commissary kitchen will handle the grease/oils during food preparation. However, in the Scope letter attached, you mentioned “Yalla’s foods are supplied and prepared in our Commissary Kitchen (Addendum 1), and are finished by way of deep fryer, flat top grill or shawarma grill in our food truck/trailer.” This is the grease/oil that I am referring to. LF: Correct that is also the grease/oil I am referring to. We are a mobile food truck and all of our used grease and oil will be discharged and Weberman Traditional Foods which is our Commissary Kitchen. We will transport it there and dispose of it in their receptacles.
- 2.
3. How would gray water be disposed? Please refer to our response in point one, here above, and to our Commissary Kitchen Agreement in Addendum 1 of our Scope document. This facility provides us infrastructure to dispose of grease and grey water. AA: Similar to the first question, employees will need to clean the workspace of the food truck regularly. How is that water being managed? Where is the water from the sinks going? LF: The food truck has two water tanks onboard. One is for fresh water and the other is for grey water that is released down the drains from the Sinks. Our trailer has 4 x sinks and 1 dedicated to handwashing. The grey water is collected in the onboard grey water tank and we then dispose of it at our Commissary Kitchen where they have the required infrastructure for it.
4.
 1. Would you have dine-in options? If so, please show the proposed location. Kindly refer to our amended site plan identifying proposed area for dine-in seating area. AA: Thank you. Do you have an estimate of the number of seats? LF: we will have 4-5 seats no more.
 - 1.
 - 2.
 - 3.
 - 4.
 5. Is there a separate hand sink for employees? Yes we have several sinks in the trailer and one of those is designated for hand washing. AA: Could you please label it? This might be something that DBPR will ask. LF: This has already been done as was a requirement for our DBPR license which we already have.
 6. How would trash be stored? We have a large trash container just outside the trailer which has a lid as well as an onboard trash container with a lid. AA: Thank you. Could you show the location of the trash containers? LF: Please see attached.

Kind Regards,

Lusio Filiba

Subject: Re: Warrant application for food truck at 1580 79th Street Causeway

Hi Antonio~

I have provided my responses in blue text to your queries below:

1. Per the scope letter, food will be “finished by the way of deep fryer, flat top grill or shawarma grill in our food truck/trailer.” How will that onsite grease/oil be managed? I do not see any grease trap/interceptor in the site plan. We have a professional USDA certified food plant which is our commissary kitchen. We have contracted with them to dispose of any grease and grey water. Please refer to Addendum 1 in our Scope document to see that agreement. AA: I understand that the commissary kitchen will handle the grease/oils during food preparation. However, in the Scope letter attached, you mentioned “Yalla’s foods are supplied and prepared in our Commissary Kitchen (Addendum 1), and are finished by way of deep fryer, flat top grill or shawarma grill in our food truck/trailer.” This is the grease/oil that I am referring to.
2. If electricity will be provided by the building, will the generator be used as backup? Would you require fuel tanks? The generator is not planned to be used but rather the existing power provided by the building. We only intend to use the generator when we go to events off-site. Typically a full tank in the generator lasts us 8-10 hours so we do not have a need for fuel tanks. AA: Understood, thank you.
3. How would gray water be disposed? Please refer to our response in point one, here above, and to our Commissary Kitchen Agreement in Addendum 1 of our Scope document. This facility provides us infrastructure to dispose of grease and grey water. AA: Similar to the first question, employees will need to clean the workspace of the food truck regularly. How is that water being managed? Where is the water from the sinks going?
4. Would you have dine-in options? If so, please show the proposed location. Kindly refer to our amended site plan identifying proposed area for dine-in seating area. AA: Thank you. Do you have an estimate of the number of seats?
5. Would you have restrooms available for employees/patrons? Yes we have access to the Synagogue's restrooms for employees and patrons. AA: Understood, thank you.
6. Is there a separate hand sink for employees? Yes we have several sinks in the trailer and one of those is designated for hand washing. AA: Could you please label it? This might be something that DBPR will ask.
7. How would trash be stored? We have a large trash container just outside the trailer which has a lid as well as an onboard trash container with a lid. AA: Thank you. Could you show the location of the trash containers?
8. I reviewed the 5 certified mail receipts included in the scope letter and they covered the surrounding buildings along the causeway, but not the properties across Pirates Alley. We addressed a letter to an abutting property in Pirates Alley. I have sent more today. Please see attached. AA: Thank you.
9. @Silvia Vargas, could you please confirm if Sec. 8.17(4)(bb) is applicable? If so, all disposable table materials such as plates, glasses, and napkins shall be imprinted with the name of the café (stickers may be used). This regulation is to control litter. All of our packaging and containers are made from recycled materials and they are branded with our restaurant name and website. AA: Understood, thank you.

Kind Regards,

Lusio Filiba

Subject: Re: Warrant application for food truck at 1580 79th Street Causeway

Hi Silvia~

Please see my comments to the requested supplementals below. Also kindly advise if the supplemental documentation meets the requirements as outlined in your email below.

1. Per Sec. 15.1.H.4.a.(1)(a), notification must be sent to all abutting property owners including those across a street or alley. In the case of abutting condominiums, only one notice to the condominium association need be sent. The photo you submitted of the certified mail notifications appear to indicate that they went out only to Presidente Supermarket, Benihana, and Subway. Please submit notifications sent to the abutting condominiums as defined above, as well as a generic copy of the notification letter. [Please see attached generic copy of the letter we have sent.](#)
2. No site plan has been submitted indicating the proposed typical location where the truck will be setup, proposed electrical/water connections, if any, etc. [Please see attached proposed site plan. We have two proposed locations identified on the survey with call out boxes identifying existing water and electric. We have 2 options for placing the trailer: 1. behind the trellis at the back of the parking lot and 2. Near the front of the parking lot. We have also included a design of the truck/trailer.](#)
3. What is the scope of the operation? Do you prepare/cook, serve and/or sell on site? Please provide additional details of the operation, such as presence of a grease interceptor (a plumbing schematic may be required), backflow preventer, solid waste and/or used fryer/cooking oil disposal strategy, etc., all as may be applicable. [Please see attached scope letter](#)
4. No indication has been provided of a proposed schedule/hours of operation. Will the truck be maintained on the property overnight, or mobilized from an external location every day? [Please see attached blue document](#)

5. Is any signage intended? Signage would require a separate permit and must comply with the provisions of the ULDC. [No signage is planned at this time.](#)

Kind Regards,

Lusio Filiba

Good morning, Mr. Filiba,

As of 4/11/24, I am in receipt of your Warrant request. The Village's Finance Department has been asked to issue an invoice to you for the payment of due fees.

Having said that, following a quick review of your submittal, we find that following items are missing (or have generated questions) and therefore the application is considered incomplete until these are addressed:

1. Per Sec. 15.1.H.4.a.(1)(a), notification must be sent to all abutting property owners including those across a street or alley. In the case of abutting condominiums, only one notice to the condominium association need be sent. The photo you submitted of the certified mail notifications appear to indicate that they went out only to Presidente Supermarket, Benihana, and Subway. Please submit notifications sent to the abutting condominiums as defined above, as well as a generic copy of the notification letter.
2. No site plan has been submitted indicating the proposed typical location where the truck will be setup, proposed electrical/water connections, if any, etc.

3. What is the scope of the operation? Do you prepare/cook, serve and/or sell on site? Please provide additional details of the operation, such as presence of a grease interceptor (a plumbing schematic may be required), backflow preventer, solid waste and/or used fryer/cooking oil disposal strategy, etc., all as may be applicable.
4. No indication has been provided of a proposed schedule/hours of operation. Will the truck be maintained on the property overnight, or mobilized from an external location every day?
5. Is any signage intended? Signage would require a separate permit and must comply with the provisions of the ULDC.

Additional comments may arise upon further review.

In your reply, please make sure to cc: my colleague Antonio Augello (included in this email). I will be out of town for a few days (though I will be checking my email). In my absence, however, Antonio may collect, review, and organize additional materials/responses.

Thanks,

Silvia E. Vargas, FAICP

ORDINANCE NO. 2023-013

AN ORDINANCE OF THE MAYOR AND COMMISSION OF NORTH BAY VILLAGE, FLORIDA, AMENDING SECTION 15.3 OF CHAPTER 15 OF THE VILLAGE'S UNIFIED LAND DEVELOPMENT CODE (ULDC) TO ALLOW TEMPORARY STRUCTURES WITHIN THE T6 TRANSECT ZONE; PROVIDING SEVERABILITY; PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICTS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, North Bay Village ("Village") has adopted a Unified Land Development Code (the "ULDC") to promote the health, safety, order, convenience, comfort, and general welfare of the public, and to promote and preserve the character and ecological quality of the Village as articulated in the Village's Comprehensive Plan; and

WHEREAS, on February 9, 2021, the Village Commission adopted Ordinance 2021-004, creating Chapter 15, "Form-Based Code," to implement the vision and goals of the NBV100 Master Plan, a master visioning and planning process guided by principles which originated from the common concerns of North Bay Village residents, and centered on equipping the Village with the tools to become a more livable, resilient, and prosperous community that can adapt to the challenges of a changing climate; and

WHEREAS, the Form-Based Code currently prohibits temporary structures within the T6 Transect Zone, except kiosks, stands, and tents within the Island Walk easement and the waterfront setback; and shipping containers, food trucks, kiosks, stands, and tents within Pirates Alley; and

WHEREAS, the Village Commission finds that temporary structures and temporary activations within the T6 Transect Zone could help transform vacant and underutilized parcels into appealing destinations; support small businesses; and generate economic activity that benefits the Village; and

WHEREAS, the ULDC and the modifications provided herein are consistent with the NBV100 Master Plan, the Village's Comprehensive Plan, and the Florida Community Planning Act; and

WHEREAS, the Planning and Zoning Board, sitting in its capacity as the Local Planning Agency, has reviewed this Ordinance and has recommended approval to the Mayor and the Village Commission; and

WHEREAS, this Ordinance was duly noticed and presented to the Village Commission in two readings, with public hearings on October 16, 2023 and November 9, 2023; and

46 **WHEREAS**, the Mayor and Commission find that this Ordinance is in the best
47 interest of the community.

48
49 **NOW, THEREFORE, IT IS HEREBY ORDAINED BY THE MAYOR AND**
50 **COMMISSION OF NORTH BAY VILLAGE, FLORIDA, AS FOLLOWS:**¹

51
52 **Section 1. Recitals.** That each of the above recitals are true and correct and
53 incorporated herein by this reference.

54
55 **Section 2. Amending Chapter 15 of the Village's ULDC.** That Chapter 15,
56 entitled "Form-Based Code" of the Unified Land Development Code of North Bay Village,
57 Florida is hereby amended to read as provided in **Exhibit "A,"** which is incorporated
58 herein and made a part hereof by this reference.

59
60 **Section 3. Severability.** That the provisions of this Ordinance are declared to
61 be severable and if any section, sentence, clause or phrase of this Ordinance shall for
62 any reason be held to be invalid or unconstitutional, such decision shall not affect the
63 validity of the remaining sections, sentences, clauses, and phrases of this Ordinance but
64 they shall remain in effect, it being the legislative intent that this Ordinance shall stand
65 notwithstanding the invalidity of any part.

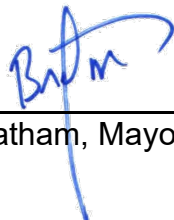

66
67 **Section 4. Codification.** That it is the intention of the Village Commission, and
68 it is hereby ordained that the provisions of this Ordinance shall become and be made a
69 part of the Village's Code of Ordinances, and that the sections of this Ordinance may be
70 renumbered or re-lettered to accomplish such intentions, and that the word Ordinance
71 shall be changed to Section or other appropriate word.

72
73 **Section 5. Conflicts.** That all ordinances or parts of ordinances, resolutions, or
74 parts of resolutions, in conflict herewith, are repealed to the extent of such conflict.

75
76 **Section 6. Effective Date.** That this Ordinance shall become effective
77 immediately upon final adoption on second reading.

78
79 **PASSED** on first reading on the 16th day of October, 2023.

80
81 **PASSED AND ADOPTED** on second reading on the 9th day of November, 2023.

Exhibit A

AMENDING CHAPTER 15 OF THE ULDC

[...]

§. 15.3 – Specific to transect zones.

[...]

e. Architectural Standards.

(1) Permanent and temporary structures.

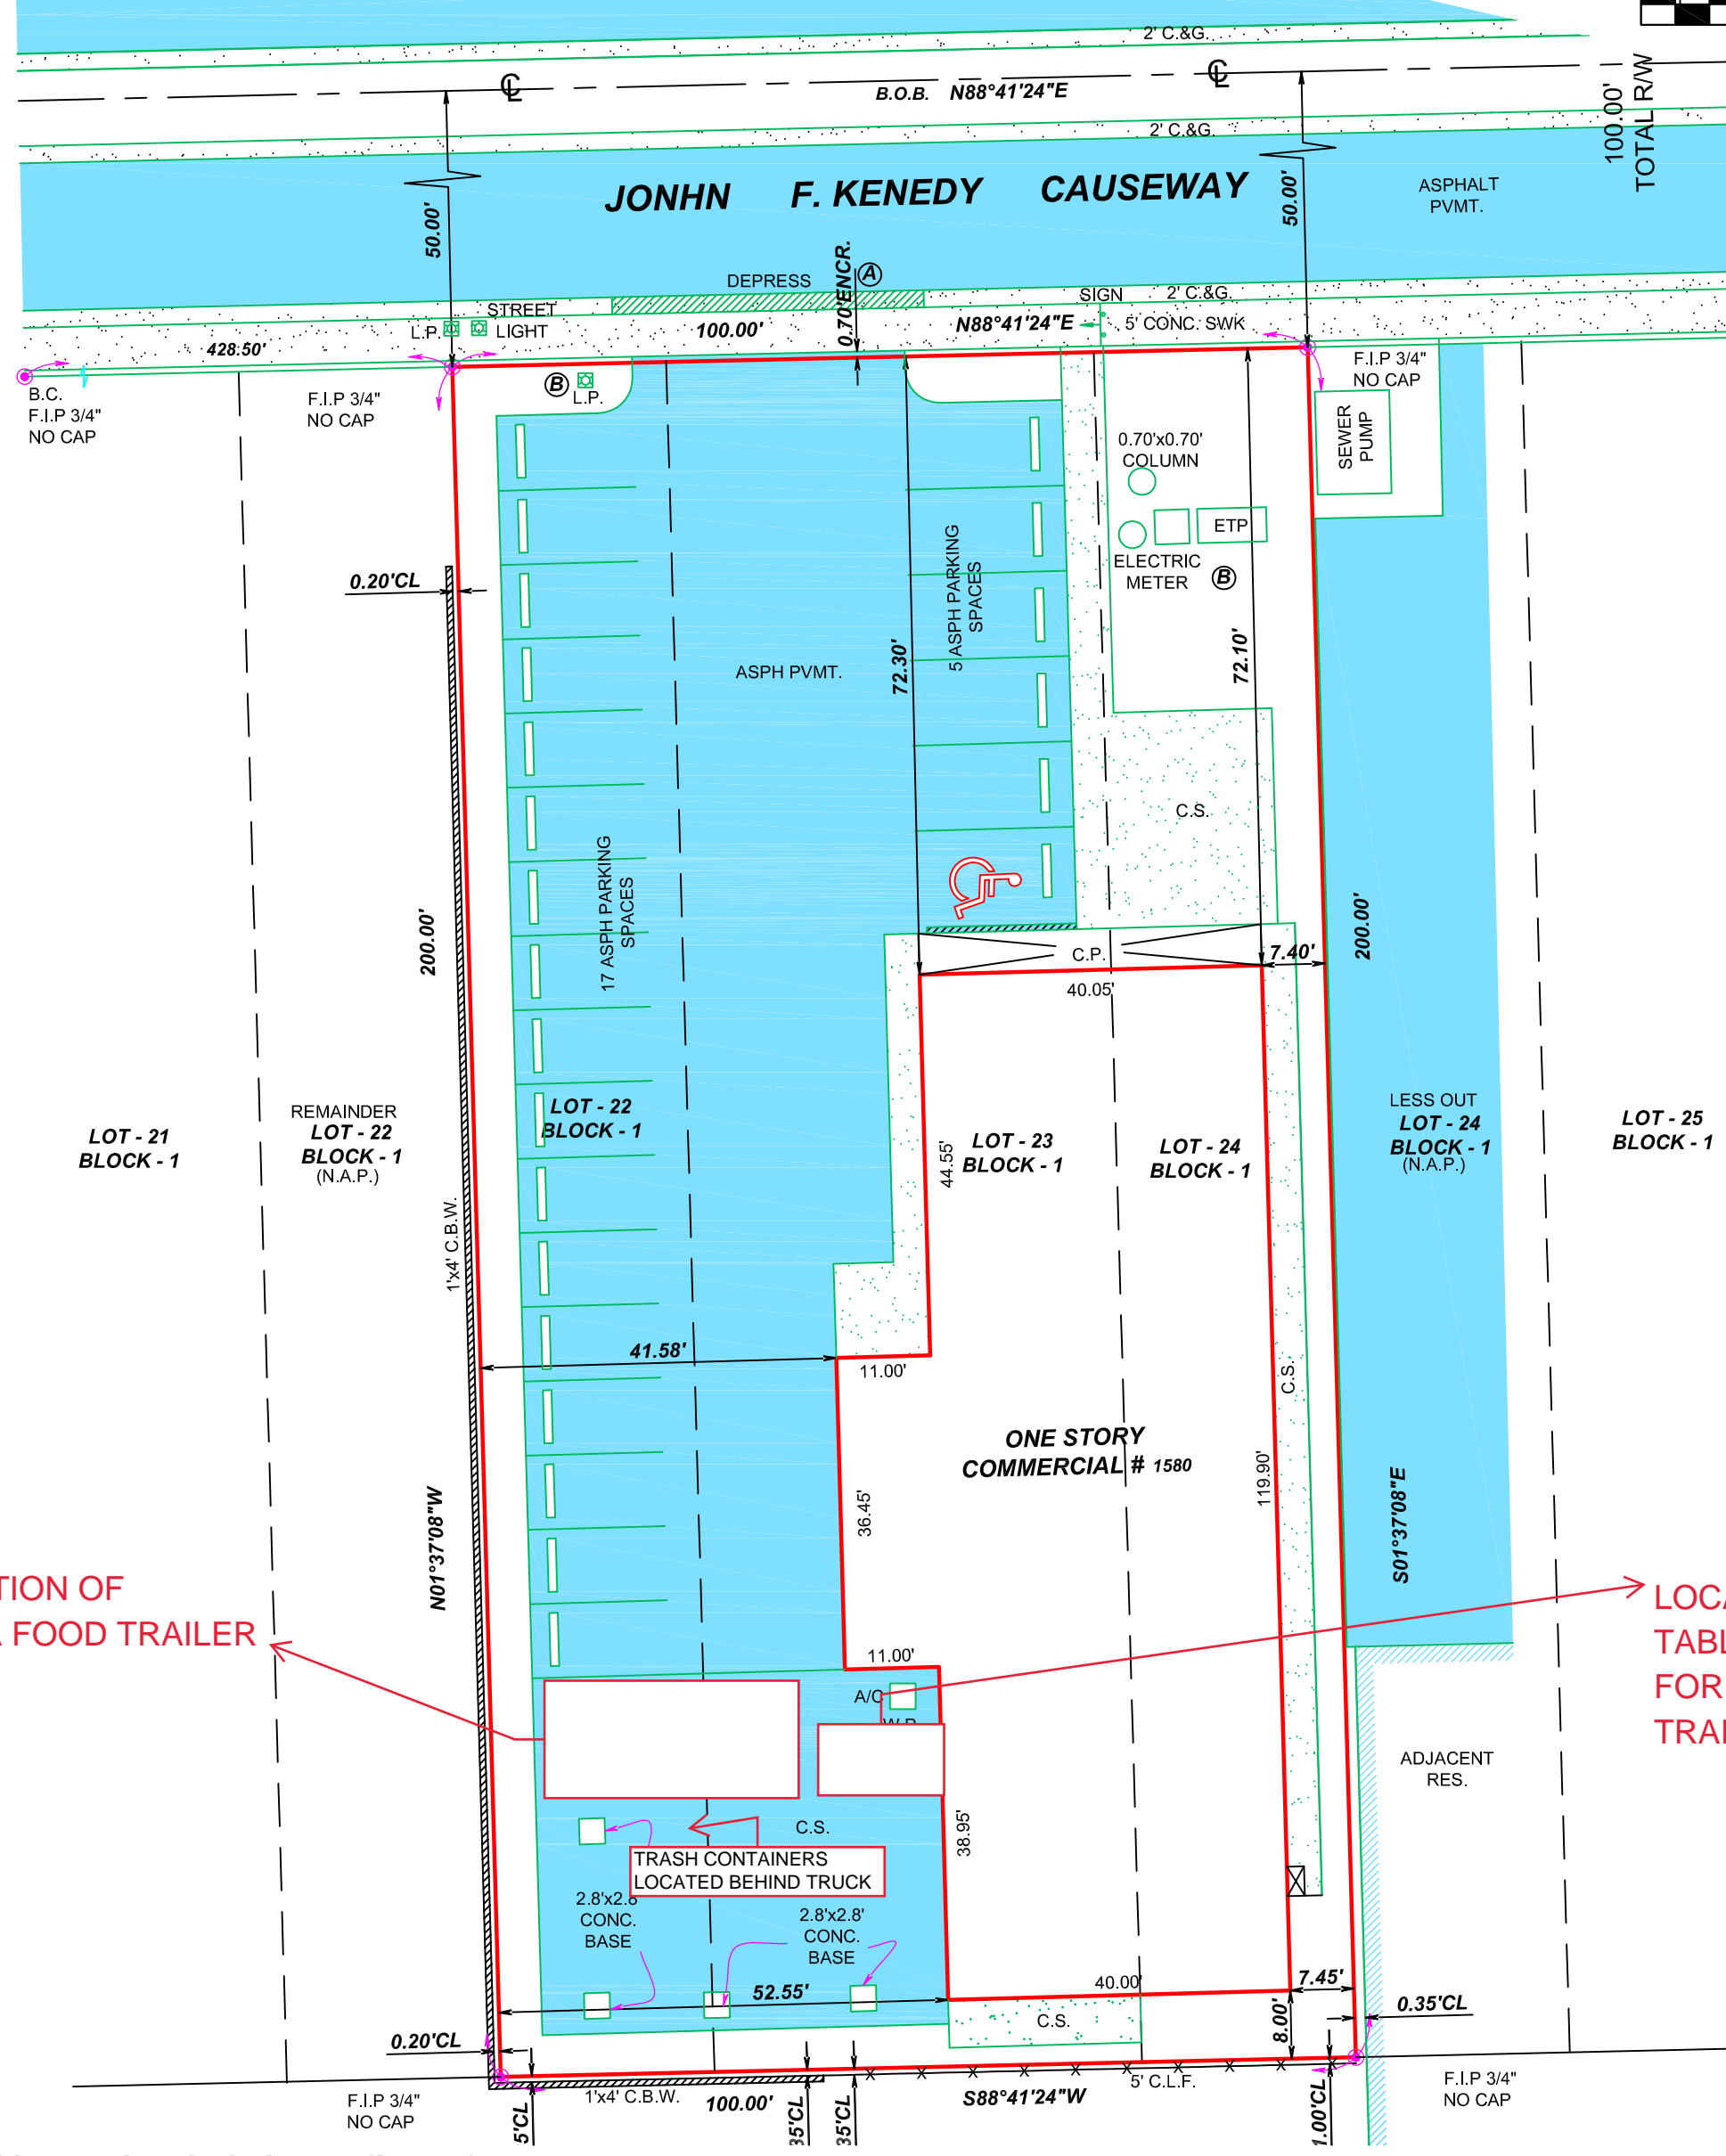

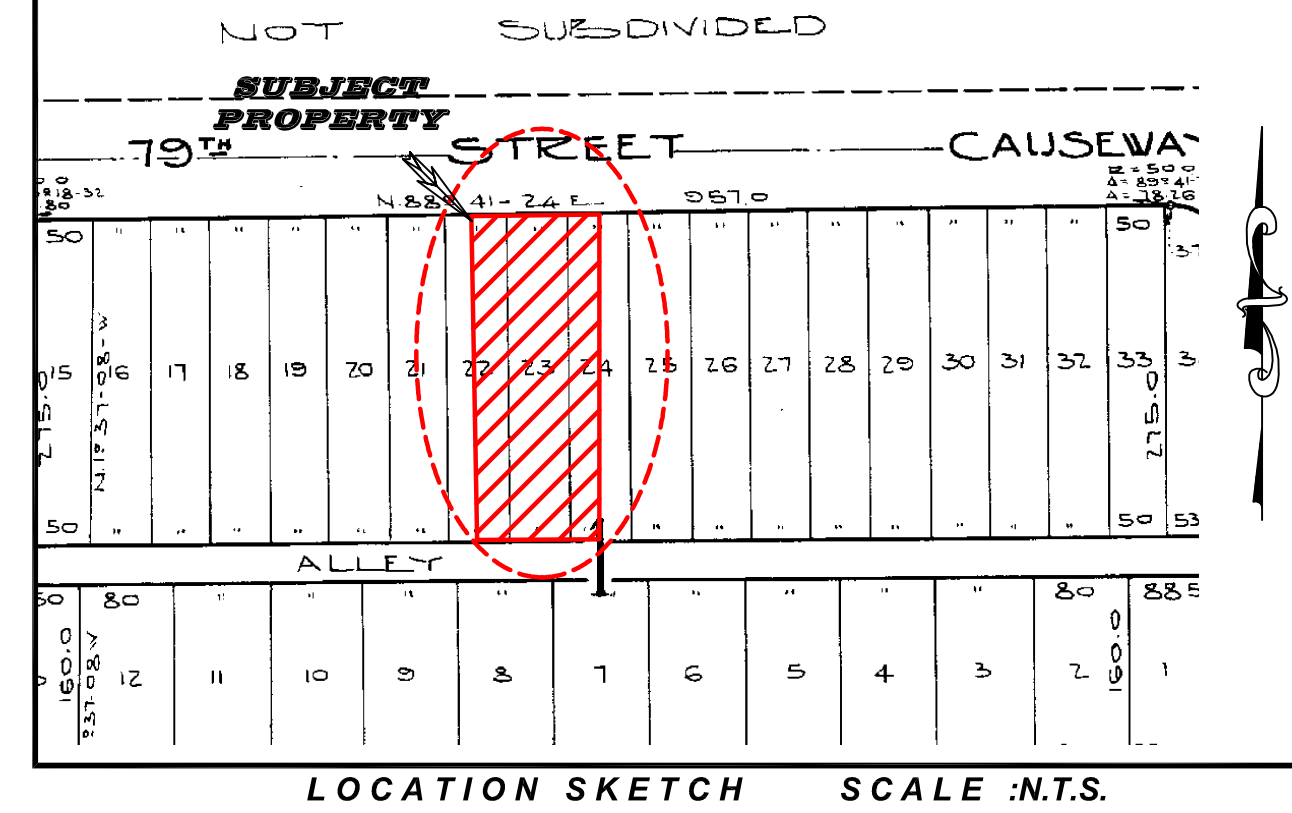

- (a) Only permanent structures shall be allowed, unless specified otherwise in this Code.
- (b) Temporary structures such as mobile homes, construction trailers, travel trailers, recreational vehicles and other temporary structures shall not be allowed except as per the Code of Ordinances and this Code, with the following exceptions by warrant.
 - i. Island Walk: Temporary structures such as kiosks, stands, and tents may be allowed within the Island Walk easement and the waterfront setback.
 - ii. Pirates Alley: Temporary structures such as shipping containers, food trucks, kiosks, stands, and tents may be allowed.
 - iii. Other locations within the T6-24 and T6-30 Zoning Districts: Temporary structures such as food trucks, kiosks, shipping containers adapted for retail or service uses, portable bathroom facilities, stands, pop-up shops, temporary sales centers and the like ~~plus any accessory signs identifying the use may be allowed, provided such signs conforming with the Village's applicable sign regulations.~~
 - iv. Kiosks and stands shall be limited to temporary covered structures no greater than 300 square feet and shall have one or more open sides.
 - v. All temporary structures are subject to the applicable dimensional standards and other relevant requirements of the ULDC and to the applicable provisions of the Florida Building Code. Any contravention of these standards or of specific conditions of the warrant approving the temporary structure may be grounds for revocation of the approval.
 - vi. Temporary structures may be approved for a maximum of six (6) months, renewable administratively up to two (2) additional times in maximum periods of six months each time for a maximum of eighteen (18) months.

Notwithstanding the foregoing, ~~except for~~ temporary sales centers ~~which~~ may be approved for a period of up to ~~ten~~ ~~twelve~~ (12) months, renewable administratively up to two (2) additional ~~time~~ ~~twelve~~ (12) month periods for a maximum of thirty-six (36) months.

vii. Staff shall provide courtesy notification to the Village Commission of temporary structures and activation projects administratively approved in accordance with this subsection.
