

**ADDENDUM #1**

**ITB#2024-002**

**PROJECT: North Bay Village East Entry Sign**

**DATE: 7/16/2024**

**A. The purpose of this Addendum is to provide clarification to the Bid Documents. Below are the Village Responses to the Written Questions submitted through July 12, 2024.**

**Question 1:** Will there be cost associated with this as we plan to use the design provided on your engineering drawings dated April 22, 2024?

**Answer 1:** **The bidder should not provide a cost for the sign's footer, as a general contractor will construct it. We are providing the footer's design for structural alignment and to show FDOT's requirement. The sign vendor is responsible for the entire design from the base plate upward, including confirmation that the reactions land within the outlined allowances.**

**The bidder must coordinate with the GC to ensure the alignment and fit of the structures at the time of installation. Once the contractor installs the footer, the bidder must carry out a site visit to verify the pattern and spacing of the anchor studs, which will be cast into the concrete when the footer is made. Any costs associated with the verification site visit are to be included in the overall cost of the sign.**

**All bidders must ensure that the structural engineering for the sign is performed by a structural engineer licensed in the State of Florida. The sign must also meet all of South Florida's hurricane wind requirements and all FDOT requirements.**

**The bidder must coordinate with both the designer (Stantec) and the contractor for the footer to satisfy all FDOT, Village, and Stantec requirements for the entire structure (footer and sign).**

**The sign vendor is responsible for the entire design from the base plate upward, including confirmation that the reactions land within the outlined allowances.**

**This Addendum to the proposal is issued to provide additional information and clarification to the original proposal and is hereby declared a part of the original proposal and documents. In case of conflict, this Addendum shall govern.**

**All other terms and conditions of this ITB remain unchanged.**

This Addendum shall be considered an integral part of the ITB and Contract Documents and this Addendum must be signed and returned with your submittal **by 2:00 p.m. on July 23, 2024**, and acknowledged on Form 8.2, Designated in Section 8. Failure to comply may result in disqualification of your bid submittal.
